**Was Complainant  
Against Woman  
In Mineola  
Forgery**

Mineola, Aug. 30 (P)—William H. Abel, president of a bank which allegedly was swindled out of \$450,000 by a woman business executive, shot and seriously wounded himself yesterday—shortly before he was scheduled to appear at the district attorney's office.

Abel, 45, head of the Central National Bank of Mineola, fired a .45-caliber bullet into his chest in the basement of his home. His wife and two teen-aged sons were at the beach.

Early today his condition at Nassau Hospital was described as "fair, but still serious."

Abel was the complainant against Mrs. Lillian B. Robinson, 47, whom he said obtained money from the bank over a four-year period by falsifying loan applications and certificates of home improvement jobs.

Mrs. Robinson is secretary-treasurer of two Long Island firms, Ideal Insulators, Inc., and Ideal Aluminum, Inc. She was arrested last Wednesday charged with second degree forgery, and is free in \$10,000 bail. Specifically, Mrs. Robinson is charged with obtaining an \$800 loan from the bank on Aug. 13 through use of a fictitious name and address.

**Suspicious Long Time**  
Suspicions of the bank were not aroused for a long time, police said, because legitimate applications were mixed with fake ones.

Assistant District Attorney Philip Huntington said Mrs. Robinson obtained hundreds, possibly thousands, of loans for imaginary repair jobs. Huntington said the woman admitted her companies had been in poor financial shape since 1948.

Mrs. Robinson's lawyer, Henry Root Stern, Jr., said Abel had been a director of the Ideal Aluminum firm until resigning Aug. 19.

Harold Spitzer, assistant district attorney assigned to the case, last night refused to speculate on the reason for Abel's attempted suicide or discuss its impact on the charge against Mrs. Robinson.

Authorities indicated they would question Abel at the hospital today if his condition was sufficiently improved. District Attorney Frank Gullotta said he visited Abel at the hospital last night but did not elaborate.

Abel had been slated to appear at the DA's office yesterday afternoon. A blackmail angle in the case, mentioned earlier by Lawyer Stern, was reported yesterday when the bank moved for a restraining order of the assets of Mrs. Robinson and her husband Clayton, president of Ideal Insulators.

Throughout, police have solved the husband of any knowledge of his wife's alleged activities. In the receivership action in State Supreme Court, Francis French, the bank's attorney, said one of Mrs. Robinson's employees had been blackmailing her.

Police said they had sought to question a Thomas Dunican, but that Dunican's wife told them her husband was away on a vacation. Abel resides with his family in Mineola, occupying a modest, 2½-story single dwelling in an unpretentious residential section.

**Styles Car Hits Pole**

No one was reported injured when an automobile driven by George Styles, 127 West O'Reilly street struck a pole along Route 9W two and one-half miles north of Kingston about 4:30 a. m. today, state police reported. Troopers said the automobile, owned by Bessie Styles of Central Islip, was headed south when it failed to make a curve and struck the pole.

# Eastern Railroads Accept Provision for Union Shop

Washington, Aug. 30 (P)—Organized labor has won a big skirmish in its fight for the union shop by persuading eastern railroads to agree to the compulsory union membership provision.

Long negotiations between the eastern carriers and 17 non-operating unions ended last night with an agreement giving the unions their demands.

Spokesmen said there were important qualifications to the agreement, letting some groups of workers out of the requirement that they become union members. The extent of these exemptions was not immediately determined.

However, rail management spokesmen said the agreement closely followed an emergency board's recommendation several months ago suggesting complete union membership for all the one

**SEYMOUR WERBALOWSKY**

Seymour Werbalowsky of 109 Hone street will be recommended by State Senator Arthur H. Wicks, Republican county chairman, as an Ulster County Commissioner of Elections to fill the unexpired term of Herbert E. Thomas, who resigned. Sen. Wicks' office announced today.

The recommendation will be made to the Board of Supervisors for approval at a special meeting.

**Is Local Attorney**  
Werbalowsky, a practicing attorney in this city, received his BA degree from Penn State University and his bachelor of laws degree from Albany Law School in 1947. He also did undergraduate work at New York University and Princeton. His term as elections commissioner will expire Dec. 31, 1952.

The Board of Elections by law is a bi-partisan board. Vacancies are filled by appointment by the Board of Supervisors on recommendation of the county chairman of the party on which the vacancy occurs.

Present Democratic member of the Board of Elections is Joseph Epstein.

**Cancel School Opening  
Due to Polio Outbreak**

Middletown, Aug. 30 (P)—The school trustees of the Town of Walkkill announced today that because of polio it would delay indefinitely the opening of the grammar school in the Washington Heights section.

The school, with some 90 pupils, had been scheduled to open Tuesday. It is the first in this area to postpone its opening because of a current infantile paralysis wave.

Walkkill town comprises most of the area surrounding Middletown. The Washington Heights section is just across the city limits from Middletown.

Orange county has had a total of 92 reported polio cases in recent days, with three deaths. Two of the cases were in Washington Heights.

**School Trustee Lawrence Hawkins**

said the announcement, saying the trustees were acting on the opinion of the town health officer.

**Chases Hit-and-Run  
Car Without Success**

Henry Lohrman of 100 McEntee street reported to police at 7:25 p. m. yesterday that his car had been sideswiped by a station wagon which continued without stopping.

He said that he gave chase but the vehicle, with three young men in it, got away. He managed to get the license number which he reported as NY Sub 34-899.

# Mrs. Nados Saved From Death in NY

**Subway Employee Takes  
Highland Resident Off

Rails Were Charged**

**Two Cars of Train Pass  
Over Woman After  
Fall From Platform**

Mrs. George Nados, 39, of Lloyd's road, Highland, who operates a messenger business service in that village, narrowly escaped death Friday night when two and a half cars of a subway passed over her after she had tumbled onto the northbound express tracks in the Times Square Station of the IRT Subway in New York, the Associated Press reported today.

The Highland woman was rescued from possible electrocution by the quick-thinking of Patrick J. Early, assistant dispatcher on duty at the Times Square Station, the report added.

Early was credited with the saving the woman by Kermit R. Heimberg, trainmaster of the Broadway Division of the IRT. Mrs. Nados, who has resided in Highland about five years, was brought safely to the opposite platform of the subway station by the time a police emergency squad arrived. Hysterical and badly cut, she was removed to St. Clare's Hospital for treatment.

**Crossed Energized Tracks**

According to the AP report, Early climbed over energized rails, cautioning Mrs. Nados not to move, and recrossed the rails with his arms after removing her from the trough between the tracks.

Early, who is married, has two boys, 11 and 16, and resides with his family at 5109 47th street, Woodside, Queens.

Power was cut off on the northbound express line between 14th street and Times Square from 10:53 p. m. to 10:58 p. m. (EDT) while Early removed Mrs. Nados from the tracks.

Express service was resumed immediately afterward, the report said.

**Liability Hike**

New York, Aug. 30 (P)—Increases in rates of bodily liability insurance taken out by shopkeepers, apartment and factory owners and contractors go into effect today. In its announcement yesterday, the State Insurance Department said the boosts—ranging up to 44.7 per cent—were made necessary by "inflationary conditions."

# Need Volunteers For Boys Town In Italy Drive

Attorney Frank Campochiaro, chairman, and Judge Raymond J. Mino, co-chairman, of the drive for funds in behalf of Boys Town in Bologna, Italy, issued a call today for volunteers in the city and county to take an active part in this campaign which will get underway in September.

Those who wish to volunteer their services in this humanitarian cause are asked to notify either Attorney Campochiaro or Judge Mino. From the roster of volunteers in the county-wide appeal, chairman of the various groups will be named.

The purpose of the drive as explained by the chairman is to raise funds to establish a Boys Town, where the youth of Bologna, which is the cradle of communism, may be taught the worth of good citizenship, thereby preventing the spread of the Communist scourge.

The program to teach these youth the democratic way of life is handicapped at the onset by a lack of funds for buildings, trained personnel and facilities. This is in addition to the furnishing of food, clothing and shelter.

Attorney Campochiaro declared that together with fighting the scourge of communism the helping hand extended will be more than welcome by children made orphans and left homeless by the war. Funds contributed in this campaign will be used to help uprooted youths who have never known normal childhood to get into normal life here.

**Pine Street Collision  
Damages Two Vehicles**

A 1941 sedan, driven by Walter Brandt of 33 Arlmont street, going south on Pine street, was in collision with a 1950 sedan operated by George Stacker of 119-54 223rd street, St. Albans, moving north on Pine, at 5:21 p. m. yesterday, police reported.

The Brandt vehicle suffered damage to the left front fender and headlight and the other car received damages to the entire left side, rear bumper and right rear fender. Officers Peter J. Camp and Frank E. Sammons investigated.

# 5 Red Jets Downed, 12 Crippled

**Fiery Battle With Large  
Communist Armada  
Ups Toll for Month  
to 32 MIGs**

**U. S. Losses Few**

**Dawn to Dusk Air War  
Hardest on Pyongyang  
Supply Centers**

Seoul, Korea, Aug. 30 (P)—The U. S. Fifth Air Force said U. S. Sabre jet pilots shot down at least five Russian-built jets and damaged 12 others today in violent clashes near Suhoi Dam and Sinuiju in extreme northwest Korea.

A swarm of 100 Red jets crossed the Yalu river from Manchuria less than 24 hours after UN fighter bombers in record number Friday dealt the North Korean capital of Pyongyang one of the heaviest blows of the war.

**Largest Air Armada**  
Seventy-nine Sabres engaged the Red jets—the largest Communist air armada to appear in months.

The air force said one of the 12 damaged Red fighters probably was destroyed.

The fiery battle upped the UN toll for August to a record of 32 MIGs destroyed, three probably destroyed and 42 damaged—the best monthly record of the war.

UN losses, if any, were not announced. They will be covered in a weekly summary due next Friday.

Friday's giant dawn-to-dusk strike against Communist Army and political nerve centers and factories at Pyongyang was carried out with few if any UN plane losses, the Fifth Air Force indicated.

**Report Bomber Down**  
The navy said none of its carrier-based fighter bombers which flew 250 of the record 1,443 individual flights over Pyongyang was shot down. In its summary for the week ended Friday, the air force said three UN planes were lost to ground fire and one to unexplained causes the past seven days.

Whether they were on the Pyongyang raid was not disclosed. Seventeen Japan-based B-29 Superforts last night followed up the three-way Pyongyang assault with a raid on newly-repaired Red power installations at the Changjin reservoir in northeast Korea. Three other B-29s hit other targets.

**Marines Strike Hard**  
Allied fighter-bombers today hammered at the Hachu peninsula and Red western front positions, despite cloudy skies. The air force said F-80 Shooting Stars destroyed eight buildings of a troop concentration near Yonan on the 38th Parallel. Marine Corsair and Skyraider pilots reported they demolished or damaged 36 supply buildings on the same sector.

A U. S. Marine flier on the Pyongyang smash said his squadron poured 104 tons of bombs on an underground meeting place for high Red officials, the supply area for Pyongyang radio, Red Army Headquarters, the Communist Department of Justice and other targets on the capital's main street.

UN planes bombed and strafed Communist targets other than Pyongyang Friday to boost the day's total of flights to a record 1,775.

**Malik Takes Crack at Ike  
But Misquotes Candidate**

United Nations, N. Y., Aug. 30 (P)—Chief Soviet Delegate Jacob Malik accused Gen. Dwight D. Eisenhower last night of campaigning for the U. S. presidency on the threat of an arms race and World War III. The Russian's attack came during a speech rejecting western proposals for Big Five arms reduction talks.

Malik claimed the Republican candidate, in speaking to the American Legion convention last Monday, "told them with cynical candor that the basis of his foreign policy, if elected, would be a mad armament race and likewise their unleashing of a third world war." He said the general was "trying to make his mark as a warmonger."

Malik, however, was putting words in the general's mouth. Eisenhower actually told the Legion America needs security forces "whose destructive and retaliatory power is so great that it causes nightmares in the Kremlin whenever they think of attacking us."

The Russian UN attack on Eisenhower followed a blast by Moscow's communist party newspaper, Pravda, against the Republican candidate. Also commenting on the Legion speech, Pravda said Eisenhower had boastfully threatened Russia—but the Russians could only laugh. Other Russian newspapers reprinted the Pravda attack today.

**Named to Senate**

William A. Purtell, a Republican and West Hartford, Conn., manufacturer, was appointed Aug. 29 by Gov. John Lodge to the United States Senate vacancy caused by the death of Sen. Brien McMahon, Democrat. Purtell will serve until next January.

# Pole Shattered At 129 Boulevard Blacks Out Area

**Early Morning Accident  
Causes Power Loss  
in Part of City,  
Three Villages**

A large section, including Boulevard, Lucas avenue, Hurley avenue, Washington avenue and the villages of Hurley, Sawkill and Bloomington were without electricity for approximately an hour and 15 minutes early this morning when a pole near 129 Boulevard was knocked down by an unidentified vehicle.

Central Hudson Gas and Electric Corp. made a temporary hookup to restore power but crews were still working this morning to repair damages. It was explained that the pole which was struck controlled an entire circuit.

The accident was reported to city police at 3:33 a. m.

**Pole Hanging in Air**

Officers who investigated reported that the pole was broken and hanging in the air with "hot" wires across the street and that they had to stop traffic until the wires were cleared away.

Police said that a truck might have been involved as there were dual wheel tracks leading from a small sign a short distance from the pole. The sign had also been damaged, they said.

Officers Meyer Levy, Harold Ebers, Leonard J. Ellsworth and Earl Schoonmaker, who investigated, reported that they picked up an antenna and a small piece of chrome at the scene.

# Ellenville Crash Victim Identified

The man who was killed Friday morning in an automobile accident in Ellenville has been positively identified as Harry Greenberg, age about 60, of 670 Grand Concourse, Brooklyn.

After contacts were made on Friday with relatives, the body was shipped last night to New York for burial in a Long Island cemetery on Aug. 31, the Humiston Funeral Home in Kerhonkson reported today.

Injured in the accident were Max Greenberg, 64, and his wife, Celia, both of 803 Grand street, Brooklyn. Ellenville police reported. Both are patients at Veterans Memorial Hospital where their conditions have been reported to police as being "not good."

Police reported the three persons, occupants of an automobile which entered the village by Route 52, failed to make a turn at the intersection of Canal street and Berne road, and nosed into the old D. & H. Canal ditch, about 9:30 a. m. Friday.

**10 Days for Food Theft**

Two youths were arrested on petit larceny charges on Friday after investigation by Sgt. Arthur A. Reilly and Cpl. Ray Dunn of the state police following a complaint that an undisclosed amount of frozen food had been taken from a locker on the Shults Farm in Chichester sometime Thursday night. Russell Frazer, Jr., 19 of Shandaken, and Vernon E. Graff, 21, of Chichester pleaded guilty and were sentenced to 10 days in jail each by Justice of the Peace Raymond Smith of Phoenixia.

**Atlantic Coastline  
Gets Ready for  
Hurricane Threat**

**Winds of 80-90 Miles Are  
Reported in Initial  
Storm of Season;  
Moving Inland**

Miami, Fla., Aug. 30 (P)—Hurricane warnings were hoisted along a 250 mile stretch of Atlantic coastline between Fernandina, Fla., and Georgetown, S. C., today for a dangerous Atlantic hurricane moving slowly toward land.

The center of the savage tropical disturbance was located about 110 miles east of St. Augustine, Fla., at 9 a. m. (EST). It was moving slowly north westward at about 10 miles per hour packing winds of 80 to 90 miles per hour.

The advisory warned that "this is an emergency" and said "All interests on the Georgia and South Carolina coasts should take immediate hurricane precautions."

The advisory pinpointed this season's first Atlantic hurricane near Latitude 29.8 north and Longitude 79.6 west and said it was attended by a small area of hurricane force winds around the center and rather wide area of gales.

Storm warnings remained up from Jacksonville, Fla., to Wilmington, N. C.

**12 Hours Will Tell Story**  
Grady Norton, chief storm forecaster at the Miami Weather Bureau, said it probably would be another 12 hours before the hurricane center hit land if it continued the present course.

He was heading north of Jacksonville, Fla., and we expect it to continue that way," Norton said. "But it is moving slowly and a very close watch will be kept. Any change in course will be announced immediately."

The weather bureau said tides would be abnormally high along the coasts of Georgia and South Carolina and the extreme northeast section of Florida.

**Vacationers Change Plans**  
Residents have been battling down and getting ready for the day. Thousands of Labor Day weekenders have changed plans and moved away from coastal areas.

Earlier forecaster Paul Moore at the weather bureau said the hurricane had begun a slight northward curve and some of its strongest winds might spend themselves at sea.

The forecaster added that it still was "a little doubtful" what the new turn of events will mean (Continued on Page 10, Col. 6)

**Police Ask Parents  
To Teach Safety  
Rules to Children**

"How safe are your children in traffic? Whether they walk or ride their bicycles—do they know the traffic rules and how to behave safely?"

Police Chief Ray Van Buren asked these questions today in conjunction with the September child safety program sponsored by the Police Bureau of the New York State Division of Safety.

Chief Van Buren pointed out that it's up to the parents to see that their youngsters develop self reliance and good habits to safeguard them in traffic.

"You can't always be there to protect them," Chief Van Buren said. "But there are several ways you can help them grow up safely. First, impress upon the youngsters that streets are for automobiles—not for tricycles, scooters or games."

"Second, teach them to cross streets only at corners and to stop at the curb, look both ways and for turning traffic, wait for the traffic signal or until all is clear, then walk across."

"Third, make them realize that when they ride their bikes there are special rules they must know and they must also obey the traffic laws that apply to motor vehicles, including all signs and signals."

"So, it's up to the parents and all adults to see that youngsters know why and how to be safe—and to set them a good example," concluded Chief Van Buren.

**New York Trip Puts  
Confidence High  
Manager Wyatt  
Reports**

Springfield, Ill., Aug. 30 (P)—Gov. Adlai Stevenson began drafting a set of Labor Day speeches today, and speculation has again arisen as to whether he will come out for repeal of the Taft-Hartley Act.

The Democratic presidential candidate returned to Springfield from New York late yesterday.

He leaves Monday morning by air for Grand Rapids, Mich., and goes from there to Detroit, Pontiac, and Flint. His talks will deal mainly with labor problems, an aide said. Some political observers believe he may make Labor Day the occasion for advocating repeal of the Taft-Hartley law.

The governor told reporters recently: "It would seem to me that the area of agreement to attain the objectives of equal justice for employer and employee is enlarging. And maybe it is better to remove the political symbolism of the name 'Taft-Hartley' by repeal."

**Says Results Important**  
"What we need and what the country wants, however, is the result—and that is much more important to me than the method by which it is attained."

The foray into Michigan opens Stevenson's second major trip of the campaign.

After the four appearances there, he is scheduled to go to Denver, Minneapolis, Kansas, Minn., Cheyenne, Wyo., and to Washington, Oregon, California, Arizona and New Mexico.

Stevenson said he was "very much pleased" with the results of his two days of speeches and meetings in and around New York. He said he had good reactions to his addresses before the American Legion convention, and that, generally, "people seemed to be well pleased with what I said."

**Reports Confidence**  
His campaign manager, Wilson Wyatt, said "the New York trip created more confidence that we feel is good for us at this early stage in the campaign."

Stevenson said his emphasis on Civil Rights legislation, stated in the New York talks, was not a strategic maneuver designed to force Gen. Dwight D. Eisenhower, his Republican opponent, into the open on that question.

Eisenhower begins a campaign swing through the southern states next week.

"I went down to make some set speeches," he said, "and I said what I had to say at each of them."

His schedule for today lists appointments with officials of the Methodist Episcopal Church and with Monroe Sweetland, national committeeman from Oregon.

**Pact Has No Effect**  
Paducah, Ky., Aug. 30 (P)—A pact to outlaw wildcat walkouts, signed less than a week ago by heads of several AFL crafts, had no effect on the surprise walkout of 15,000 construction workers at the billion-dollar atomic energy plant yesterday. The mysterious flareup stopped the project for the second time in two weeks, but no picket lines were set up by the 13 AFL unions involved.

**Sees Lifting of Controls  
On Civilian Goods in 1953**

Washington, Aug. 30 (P)—A government official says most production controls on civilian goods can be lifted in 1953—unless there is a sharp increase in military output.

There were these other economic developments:

1. A 327 million dollar climb in installment buying boosted consumer credit to a record high of \$21,200,000,000 in July, the third month after controls were removed from most credit.

2. A three-tenths of one per cent decline in the Labor Department's wholesale price index for the week that ended Aug. 26 was the first drop in more than a month.

3. The Agriculture Department reported that farm prices did not change between mid-July and mid-August, a time of severe drought.

**Senator Says General  
Never Said He Would  
Veto Legislation on  
Commission**

**Accuses Adlai**

**Slaps Democrats Over  
Filibusters, Civil  
Rights Claims**

New York, Aug. 30 (P)—A hint that Gen. Dwight D. Eisenhower would accept a compulsory Fair Employment Practices Commission if Congress wanted one was voiced as he began his "last quiet weekend" before the Nov. 4 elections.

This view came from Sen. Cabot Lodge, Jr., of Massachusetts, chairman of the Republican presidential nominee's advisory committee.

Eisenhower has said he favors state, rather than federal action, to assure equal employment opportunities.

But Lodge, who made a flying trip from Boston to Eisenhower's headquarters yesterday, emphasized to newsmen that the general never had said he would veto FEPC legislation.

Lodge said he personally did not assume at all, that Eisenhower would cast a veto if an FEPC act was passed by Congress.

The Massachusetts senator offered the comment after accusing Gov. Adlai E. Stevenson of Illinois, the Democratic presidential nominee of double-talk in espousing an end to filibusters that have blocked action on an FEPC.

**Says Sparkman Opposed CR**  
Lodge declared the Democrats had done nothing to eliminate filibusters in the past four years they have controlled the Senate.

He said Stevenson's running mate, Sen. John J. Sparkman of Alabama, openly opposed a Civil Rights program in 1950.

Eisenhower, he said, was firmly opposed to filibusters.

Lodge's blast at Stevenson and another by Sen. Frank Carlson of Eisenhower adviser, at President Truman, marked a new hard-hitting trend in the general's camp.

Carlson declared President Truman slurred the American Legion in remarking that its resolution asking the ouster of Secretary of State Dean Acheson was the work of boys.

Carlson said the best man for the job, Carlson said speakers at the Democratic national convention last month had not even dared to mention Acheson's name.

**Readies Fiery Speeches**  
Eisenhower took no direct part in the sniping at the political opposition, but busied himself with preparation of speeches that his aides said might produce some fireworks.

Former Gov. Harold E. Stassen of Minnesota huddled with him yesterday for discussion of policy and subject matter of forthcoming addresses.

Stassen, who himself sought the GOP presidential nomination, arrived at Eisenhower's Hotel Commodore headquarters in mid-morning yesterday and remained until 7 p. m.

Eisenhower left in mid-afternoon for his Columbia University residence, but Stassen stayed behind to confer with Arthur Vandenberg, Jr., and other members of the general's campaign staff.

Stassen said he expected to be back at the headquarters again today.

Eisenhower halted his daily reception of visitors to concentrate yesterday, today and tomorrow on speeches and strategy.

The first speech to follow is scheduled for 9:30 a. m. (EST) on Labor Day before the National Association of Letter Carriers in New York.

Henry H. Fowler, defense production administrator, yesterday told newsmen it is "possible and probable" that most production controls can be removed next year.

Supplies of steel, copper and aluminum are increasing steadily, he said, and went on:

"We have a choice of whether the fruits and benefits of our industrial expansion program are all going to flow back into the civilian economy or whether we want to speed up military production."

Increasing the present military production rate would cost more money, he said, and not doing so would leave more materials for civilian goods.

In any event, Fowler said some controls would have to be retained to dole out certain defense-vital materials still in short supply, such as nickel.

## Bank Head Shoots Self Before Date To Talk With DA

**National Complainant Favored by Wicks Against Woman In Mineola Forgery**

Mineola, Aug. 30 (P)—William H. Abel, president of a bank which allegedly was swindled out of \$450,000 by a woman business executive, shot and seriously wounded himself yesterday shortly before he was scheduled to appear at the district attorney's office.

Abel, 45, head of the Central National Bank of Mineola, fired a .45-caliber bullet into his chest in the basement of his home. His wife and two teen-aged sons were at the beach.

Early today his condition at Nassau Hospital was described as "fair, but still serious."

Abel was the complainant against Mrs. Lillian B. Robinson, 47, whom he said obtained money from the bank over a four-year period by falsifying loan applications and certificates of home improvement jobs.

Mrs. Robinson is secretary-treasurer of two Long Island firms, Ideal Insulators, Inc., and Ideal Aluminum, Inc.

She was arrested last Wednesday, charged with second degree forgery, and is in \$10,000 bail. Specifically, Mrs. Robinson is charged with obtaining an \$800 loan from the bank on Aug. 13 through use of a fictitious name and address.

**Suspicious Long Time**

Suspicious of the bank were not aroused for a long time, police said, because legitimate applications were mixed with fake ones. Assistant District Attorney Philip Huntington said Mrs. Robinson obtained hundreds, possibly thousands, of loans for imaginary repair jobs. Huntington said the woman admitted her companies had been in poor financial shape since 1948.

Mrs. Robinson's lawyer, Henry Root Stern, Jr., said Abel had been a director of the Ideal Aluminum firm until resigning Aug. 19.

Harold Spitzer, assistant district attorney assigned to the case, last night refused to speculate on the reason for Abel's attempted suicide or discuss its impact on the charge against Mrs. Robinson.

Authorities indicated they would question Abel at the hospital today if his condition was sufficiently improved. District Attorney Frank Gulotta said he visited Abel at the hospital last night but did not elaborate.

Abel had been slated to appear at the DA's office yesterday afternoon.

A blackmail angle in the case, mentioned earlier by Lawyer Stern, was reported yesterday when the bank moved for a receivership of the assets of Mrs. Robinson and her husband Clayton, president of Ideal Insulators. Throughout, police have absolved the husband of any knowledge of his wife's alleged activities.

In the receivership action in State Supreme Court, Francis Froelich, the bank's attorney, said one of Mrs. Robinson's employees had been blackmailing her.

Police said they had sought to question a Thomas Dunican, but that Dunican's wife told them her husband was away on a vacation. Abel resides with his family in Mineola, occupying a modest, 2 1/2-story shingle dwelling in an unpretentious residential section.

He said that he gave chase but the vehicle, with three young men in it, got away. He managed to get the license number which he reported as NY Sub 34-899.

## Million Non-Operating Rail Workers

A number of the eastern carriers already have the union shop agreement. They include the New York Central, Baltimore and Ohio, Reading Lehigh Valley and Lackawanna Railroads.

So this means that only a portion of the estimated 400,000 non-operating employees of the eastern carriers will now come under the union shop proviso for the first time, the others having been covered previously.

The emergency board, named by President Truman, recommended that all the nation's railroads negotiate an iron-clad union shop agreement with all the non-operating unions in a single set of negotiations.

However, the southeastern railroads refused to talk over the matter at all with the unions, and the western carriers have negotiated with some reluctance.

## Rails Were Charged

**Two Cars of Train Pass Over Woman After Fall From Platform**

Mrs. Georgette Nados, 39, of Lloyd's road, Highland, who operates a messenger business service in that village, narrowly escaped death Friday night when two and a half cars of a subway passed over her after she had tumbled onto the northbound express tracks in the Times Square Station of the IRT Subway in New York, the Associated Press reported today.

The Highland woman was rescued from possible electrocution by the quick-thinking of Patrick J. Early, assistant dispatcher on duty at the Times Square Station, the report added.

Early was credited with the saving of the woman by Kermit R. Helmsberg, trainmaster of the Broadway Division of the IRT.

Mrs. Nados, who has resided in Highland about five years, was brought safely to the opposite platform of the subway station by the time a police emergency squad arrived. Hysterical and badly cut, she was removed to St. Clare's Hospital for treatment.

**Crossed Energized Tracks**

According to the AP report, Early climbed over energized rails, cautioning Mrs. Nados not to move, and recrossed the rails with her in his arms after removing her from the trough between the tracks.

Early, who is married, has two boys, 11 and 16, and resides with his family at 5109 47th street, Woodside, Queens.

Power was cut off on the northbound express line between 14th street and Times Square from 10:53 p. m. to 10:58 p. m. (EDT) while Early removed Mrs. Nados from the tracks.

Express service was resumed immediately afterward, the report said.

## Liability Hike

New York, Aug. 30 (P)—Increases in rates of bodily liability insurance taken out by shopkeepers, apartment and factory owners and contractors go into effect today. In its announcement yesterday, the State Insurance Department said the boosts—ranging up to 44.7 per cent—were made necessary by "inflationary conditions."

## Need Volunteers For Boys Town In Italy Drive

Attorney Frank Campochiaro, chairman, and Judge Raymond J. Mino, co-chairman, of the drive for funds in behalf of Boys Town in Bologna, Italy, issued a call today for volunteers in the city and county to take an active part in this campaign which will get underway in September.

Those who wish to volunteer their services in this humanitarian cause are asked to notify either Attorney Campochiaro or Judge Mino. From the roster of volunteers in the county-wide appeal, chairmen of the various groups will be named.

The purpose of the drive as explained by the chairmen is to raise funds to establish a Boys Town, where the youth of Bologna, which is the cradle of communism, may be taught the worth of good citizenship, thereby preventing the spread of the Communist scourge.

The program to teach these youth the democratic way of life is handicapped at the onset by a lack of funds for buildings, trained personnel and facilities. This is in addition to the furnishing of food, clothing and shelter.

Attorney Campochiaro declared that together with fighting the scourge of communism the help hand extended will be more than welcome by children made orphans and left homeless by the war. Funds contributed in this campaign will be used to help uprooted youths who have never known normal childhood to get into normal later life.

**Pine Street Collision**

**Damages Two Vehicles**

A 1941 sedan, driven by Walter Brandt of 33 Arlmont street, going south on Pine street, was in collision with a 1950 sedan operated by George Stacker of 119-54 223rd street, St. Albans, moving north on Pine, at 5:21 p. m. yesterday, police reported.

The Brandt vehicle suffered damage to the left front fender and headlight and the other car received damages to the entire left side, rear bumper and right rear fender. Officers Peter J. Camp and Frank E. Sammons investigated.

## 5 Red Jets Downed, 12 Crippled

**Fiery Battle With Large Communist Armada Ups Toll for Month to 32 MIGs**

## U. S. Losses Few

**Dawn to Dusk Air War Hardest on Pyongyang Supply Centers**

Seoul, Korea, Aug. 30 (P)—The U. S. Fifth Air Force said U. S. Sabre jet pilots shot down at least five Russian-built jets and damaged 12 others today in violent clashes near Suhoi Dam and Sinuiju in extreme northwest Korea.

A swarm of 100 Red jets crossed the Yalu river from Manchuria less than 24 hours after UN fighter bombers in record number Friday dealt the North Korean capital of Pyongyang one of the heaviest blows of the war.

Largest Air Armada Seventy-nine Sabres engaged the Red jets—the largest Communist air armada to appear in months.

The air force said one of the 12 damaged Red fighters probably was destroyed.

The fiery battle upped the UN toll for August to a record of 32 MIGs destroyed, three probably destroyed and 42 damaged—the best monthly record of the war.

UN losses, if any, were not announced. They will be covered in a weekly summary due next Friday.

Friday's giant dawn-to-dusk strike against Communist Army and political nerve centers and factories at Pyongyang was carried out with few if any UN plane losses, the Fifth Air Force indicated.

**Report Bomber Down**

The navy said none of its carrier-based fighter bombers which flew 250 of the record 1,443 individual sorties over Pyongyang was shot down. In its summary for the week ended Friday, the air force said three UN planes were lost to ground fire and one to unexplained causes the past seven days. Whether they were on the Pyongyang raid was not disclosed.

Seventeen B-29 Superforts last night followed up the three-wave Pyongyang assault with a raid on newly-repaired Red power installations at the Changjin reservoir in northeast Korea. Three other B-29s hit other targets.

**Marines Strike Hard**

Allied fighter-bombers today hammered at the Haegwi peninsula and Red western front positions, despite cloudy skies. The air force said F-80 Shooting Stars destroyed eight buildings of a troop concentration near Yonan on the 38th Parallel. Marine Corsair and Skyraider pilots reported they demolished a large 36 supply buildings on the same sector.

A U. S. Marine flier on the Pyongyang smash said his squadron poured 104 tons of bombs on an underground meeting place for high Red officials, the supply area for Pyongyang radio, Red Army Headquarters, the Communist Department of Justice and other targets on the capital's main street.

UN planes bombed and strafed Communist targets other than Pyongyang Friday to boost the day's total of flights to a record 1,443.

## Malik Takes Crack at Ike But Misquotes Candidate

United Nations, N. Y., Aug. 30 (P)—Chief Soviet Delegate Jacob Malik accused Gen. Dwight D. Eisenhower last night of campaigning for the U. S. presidency on the threat of an arms race and World War III. The Russian's attack came during a speech rejecting western proposals for Big Five arms reduction talks.

Malik claimed the Republican candidate, in speaking to the American Legion convention last Monday, "told them with cynical candor that the basis of his foreign policy, if elected, would be a mad armament race and likewise then unleashing of a third world war."

He said the general was "trying to make his mark as a warmonger."

Malik, however, was putting words in the general's mouth. Eisenhower actually told the Legion America needs security forces "whose destructive and retaliatory power is so great that it causes nightmares in the Kremlin whenever they think of attacking us."

The Russian UN attack on Eisenhower followed a blast by Moscow's Communist party newspaper, Pravda, against the Republican candidate. Also commenting on the Legion speech, Pravda said Eisenhower had boastfully threatened Russia—but the Russians could only laugh.

Other Russian newspapers reprinted the Pravda attack today.

## Named to Senate

William A. Purtell, a Republican and West Hartford, Conn., manufacturer, was appointed Aug. 29 by Gov. John Lodge to the United States Senate vacancy caused by the death of Sen. Brian McMahon, Democrat. Purtell will serve until next January.

## Pole Shattered At 129 Boulevard Blacks Out Area

**Early Morning Accident Causes Power Loss in Part of City, Three Villages**

A large section, including Boulevard, Lucas avenue, Hurley avenue, Washington avenue and the villages of Hurley, Sawkill and Bloomington were without electricity for approximately an hour and 15 minutes early this morning when a pole near 129 Boulevard was knocked down by an unidentified vehicle.

Central Hudson Gas and Electric Corp. made a temporary hookup to restore power but crews were still working this morning to repair damages. It was explained that the pole which was struck controlled an entire circuit.

The accident was reported to city police at 3:33 a. m.

**Pole Hanging in Air**

Officers who investigated reported that the pole was broken and hanging in the air with "hot" wires across the street and that they had to stop traffic until the wires were cleared away.

Police said that a truck might have been involved as there were dual wheel tracks leading from a small sign a short distance from the pole. The sign had also been damaged, they said.

Officers Meyer Levy, Harold Ebers, Leonard J. Ellsworth and Earl Schoonmaker, who investigated, reported that they picked up an antenna and a small piece of chrome at the scene.

## Ellenville Crash Victim Identified

The man who was killed Friday morning in an automobile accident in Ellenville has been positively identified as Harry Greenberg, age about 60, of 670 Grand Concourse, Brooklyn.

After contacts were made on Friday with relatives, the body was shipped last night to New York for burial in a Long Island cemetery on Aug. 31, the Humiston Funeral Home in Kerhonkson reported today.

Injured in the accident were Max Greenberg, 64, and his wife, Celia, both of 803 Grand street, Brooklyn. Ellenville police reported. Both are patients at Veterans Memorial Hospital where their conditions have been reported to police as being "not good."

Police reported the three persons were occupants of an automobile which entered the village by Route 52, failed to make the turn at the intersection of Canal street and Berne road, and nosedived into the old D. & H. Canal ditch, about 9:30 a. m. Friday.

**10 Days for Food Theft**

Two youths were arrested on petit larceny charges on Friday after investigation by Sgt. Arthur A. Reilly and Cpl. Ray Dunn of the state police following a complaint that an undisclosed amount of frozen food had been taken from a locker on the Shultis Farm in Chichester sometime Thursday night. Russell Frazer, Jr., 19 of Shandaken, and Vernon E. Grait, 21, of Chichester pleaded guilty and were sentenced to 10 days in jail each by Justice of the Peace Raymond Smith of Phoenicia.

## Atlantic Coastline Gets Ready for Hurricane Threat

**Winds of 80-90 Miles Are Reported in Initial Storm of Season; Moving Inland**

Miami, Fla., Aug. 30 (P)—Hurricane warnings were hoisted along a 250 mile stretch of Atlantic coastline between Fernandina, Fla., and Georgetown, S. C., today for a dangerous Atlantic hurricane moving slowly toward land.

The center of the savage tropical disturbance was located about 110 miles east of St. Augustine, Fla., at 9 a. m. (EST). It was moving slowly north westward at about 10 miles per hour packing winds of 80 to 90 miles per hour.

The advisory warned that "this is an emergency" and said tersely:

"All interests on the Georgia and South Carolina coasts should take immediate hurricane precautions."

The advisory pinpointed this season's first Atlantic hurricane near Latitude 29.8 north and Longitude 79.6 west and said it was attended by a small area of hurricane force winds around the center and rather wide area of gales.

Storm warnings remained up from Jacksonville, Fla., to Wilmington, N. C.

**12 Hours Will Tell Story**

Grady Norton, chief storm forecaster at the Miami Weather Bureau, said it probably would be another 12 hours before the hurricane center hit land if it continued the present course.

"It is heading north of Jacksonville, Fla., and we expect it to continue that way," Norton said. "But it is moving slowly and a very close watch will be kept. Any change in course will be announced immediately."

The weather bureau said tides would be abnormally high along the coasts of Georgia and South Carolina and the extreme north-east section of Florida.

**Vacationers Change Plans**

Residents have been battenning down and going ready for the blow. Thousands of Labor Day weekenders have changed plans and moved away from coastal areas.

Earlier forecaster Paul Moore at the weather bureau said the hurricane had begun a slight northward curve and some of its strongest winds might spend themselves at sea.

The forecaster added that it still was "a little doubtful" what the new turn of events will mean (Continued on Page 10, Col. 6)

## Police Ask Parents To Teach Safety Rules to Children

"How safe are your children in traffic? Whether they walk or ride their bicycles—do they know the traffic rules and how to behave safely?"

Police Chief Ray Van Buren asked these questions today in conjunction with the September child safety program sponsored by the Police Bureau of the New York State Division of Safety.

Chief Van Buren pointed out that it's up to the parents to see that their youngsters develop self reliance and good habits to safeguard them in traffic.

"You can't always be there to protect them," Chief Van Buren said. "But there are several ways you can help them grow up safely. First, impress upon the youngsters that streets are for automobiles—not for tricycles, scooters or games."

"Second, teach them to cross streets only at corners and to stop at the curb, look both ways and for turning traffic, wait for the traffic signal or until all is clear, then walk across."

"Third, make them realize that when they ride their bikes there are special rules they must know and they must also obey the traffic laws that apply to motor vehicles, including all signs and signals."

"So, it's up to the parents and all adults to see that youngsters know why and how to be safe—and to set them a good example," concluded Chief Van Buren.

## New York Trip Puts Confidence High Manager Wyatt Reports

Springfield, Ill., Aug. 30 (P)—Gov. Adlai Stevenson began drafting a set of Labor Day speeches today, and speculation has again arisen as to whether he will come out for repeal of the Taft-Hartley Act.

The Democratic presidential candidate returned to Springfield from New York late yesterday.

He leaves Monday morning by air for Grand Rapids, Mich., and goes from there to Detroit, Pontiac, and Flint. His talks will deal mainly with labor problems, an aide said. Some political observers believe he may make Labor Day the occasion for advocating repeal of the Taft-Hartley law.

The governor told reporters recently:

"It would seem to me that the area of agreement to attain the objectives of equal justice for employer and employee is enlarging. And maybe it is better to remove the political symbolism of the name 'Taft-Hartley' by repeal."

**Says Results Important**

"What we need and what the country wants, however, is the result—and that is much more important to me than the method by which it is attained."

The foray into Michigan opens Stevenson's second major trip of the campaign.

After the four appearances there, he is scheduled to go to Denver, Minneapolis, Kason, Minn., Cheyenne, Wyo., and to Washington, Oregon, California, Arizona and New Mexico.

Stevenson said he was "very much pleased" with the results of his two days of speeches and meetings in and around New York.

He said he had good reactions to his addresses before the American Legion convention, and that, generally, "people seemed to be well pleased with what I said."

**Reports Confidence**

His campaign manager, Wilson Wyatt, said "the New York trip created more confidence that we feel is good for us at this early stage in the campaign."

Stevenson said his emphasis on Civil Rights legislation stated in the New York talks, was not a strategic maneuver designed to force Gen. Dwight D. Eisenhower, his Republican opponent, into the open on that question.

Eisenhower begins a campaign swing through the southern states next week.

"I went down to make some set speeches," he said, "and I said what I had to say at each of them."

His schedule for today lists appointments with officials of the Methodist Episcopal Church and with Monroe Sweetland, national committeeman from Oregon.

**Pact Has No Effect**

Paducah, Ky., Aug. 30 (P)—A pact to outlaw wildcat walkouts, signed less than a week ago by heads of several AFL crafts, had no effect on the surprise walkout of 15,000 construction workers at the billion-dollar atomic energy plant yesterday.

The mysterious flareup stopped the project for the second time in two weeks, but the picket lines were set up by the 13 AFL unions involved.

**Sees Lifting of Controls On Civilian Goods in 1953**

Washington, Aug. 30 (P)—A government official says most production controls on civilian goods can be lifted in 1953—unless there is a sharp increase in military output.

There were these other economic developments:

1. A 327 million dollar climb in installment buying boosted consumer credit to a record high of \$21,200,000,000 in July, the third month after controls were removed from most credit.

2. A three-tenths of one per cent decline in the Labor Department's wholesale price index for the week that ended Aug. 26 was the first drop in more than a month.

3. The Agriculture Department reported that farm prices did not change between mid-July and mid-August, a time of severe drought.

## Slaps Democrats Over Filibusters, Civil Rights Claims

New York, Aug. 30 (P)—A hint that Gen. Dwight D. Eisenhower would accept a compulsory Fair Employment Practices Commission if Congress wanted one was voiced as he began his "last quiet weekend" before the Nov. 4 elections.

This view came from Sen. Cabot Lodge, Jr., of Massachusetts, chairman of the Republican presidential nominee's advisory committee.

Eisenhower has said he favors state, rather than federal action, to assure equal employment opportunities.

But Lodge, who made a flying trip from Boston to Eisenhower's headquarters yesterday, emphasized to newsmen that the general never had said he would veto FEPC legislation.

Lodge said he personally did not assume, at all, that Eisenhower would cast a veto if an FEPC act was passed by Congress.

The Massachusetts senator offered the comment after accusing Gov. Adlai E. Stevenson of Illinois, the Democratic presidential nominee of double-talk in espousing an end to filibusters that have blocked action on an FEPC.

**Says Sparkman Opposed CR**

Lodge declared the Democrats had done nothing to eliminate filibusters in the past four years they have controlled the Senate.

He said Stevenson's running mate, Sen. John J. Sparkman of Alabama, openly opposed a Civil Rights program in 1950.

Eisenhower, he said, was firmly opposed to filibusters.

Lodge's blast at Stevenson and Sen. Frank Carlson of California, Eisenhower's adviser, at President Truman, marked a new hard-hitting trend in the general's camp.

Carlson declared President Truman slurred the American Legion in remarking that its resolution asking the ouster of Secretary of State Dean Acheson was the work of boys. To Truman's assertion that Acheson was the best man for the job, Carlson said speakers at the Democratic national convention last month had not even dared to mention Acheson's name.

## Piano Benefit Is Planned Sunday

Woodstock, Aug. 29—With \$200 yet to be paid on the piano at the Maverick Concert Hall, the concert Sunday afternoon will be played for the benefit of the instrument. Although the Maverick Sunday Concerts have been held for 37 summers, this is the first piano which the Maverick has actually owned. The fine instrument, which is now being enjoyed by audiences for its second season here, as well as by the musicians who play it, was chosen last year as an outstanding piano. It is hoped that the remaining amount owing on the piano will be met by the receipts Sunday. All proceeds from the concert and donations will go towards the Steinway.

As Pierre Henrette pointed out last week, each person who donates towards the piano can really say he owns part of it. The program, which is expected to be an outstanding musical event this summer, will feature William Kroll, violinist, Joseph Wolman, pianist, and the soprano, Miss Elizabeth Walker. (Mrs. Walter DuCloux). A group of young professional musicians coaching with Kroll, also will be heard, including the unusually talented young violinist, 17-year-old Robert Menga.

**Menga to Play**  
The program will open with Menga playing a group of violin solos, assisted at the piano by Miss Shirley Barsuk, to be followed by a group of soprano solos played by Miss Elizabeth Walker. The program will end with a performance of the Chausson Concerto for violin and piano and string quartet, a brilliant piece which is very popular here. Kroll and Wolman will be accompanied by a quartet of the following young string players: Miss Elizabeth Walker, violin; Miss Nancy Heaton, violin; Miss Barbara Kroll, viola and Thaddeus Bruys, cello.

The concert will begin at 4 p. m., and season and block tickets will be honored as usual. Last Sunday's concert was devoted to Cesar Frank and Johannes Brahms, with the playing of the brilliant Frank Sonata for Violin and Piano, and the Brahms Piano Quartet, Opus 60 in C Minor. A superlative performance was given by Kroll and Miss Inez Carroll, of the Francon Sonata. The dramatic Brahms Piano Quartet, in which Miss Carroll and Kroll were joined by Barbara Kroll, violinist and Cynthia Eddy, cellist, there was all the power and the beauty of the great composer. In the Andante the piano and violin passages were exquisite, with Miss Carroll at her finest.

**Speicher Has Show**  
Woodstock, Aug. 29—The one-man show of paintings by Eugene Speicher, which opened in July at the Mollie Higgins Smith Gallery, will continue through Sept. 6. Mrs. Speicher's gallery will be closed for two weeks, while she is on vacation and also makes preparations for the new exhibition which will open Sept. 27, at 3 p. m. The new show will be an exhibition of etchings and lithographs by Andree Ruellan and John Taylor, through the courtesy of the Macbeth and Kraushaar Galleries of New York.

**Village Notes**  
Woodstock, Aug. 29—Mrs. Donald Waterous will depart by air aboard a SABENA-Belgian National Airlines plane, Sept. 4, for a month's trip through the British Isles and to Paris. Mrs. Waterous will meet her daughter, Marcia, who has been studying at the University of Birmingham.

**Presser Show Will Conclude Next Friday**  
Woodstock, Aug. 29—The second one-man show of paintings within the past year by Josef Presser opened last week at the Town House. When Sam Schwartz, who has been presenting a series of one-man shows discovered that the artist who was to have held the final show of this season had to cancel, he appealed to Presser,

who quickly got together this impressive exhibition. There is work here to suit tastes ranging from almost conservative to the most modern. A series of portrait heads in gouache, some in gouache and pastel, speak up boldly and clearly. Not at all photographic, they are an artist's interpretation of human beings.

The Pink Girl is simple and strong. A touch of India ink here and there accents the fine color. The painting of Mrs. Irving Brown is rich in color, bold in treatment, while Ela is charming. Paintings such as Ohayo Mountain give a hint of nature. There is nothing static here. Powerful movement and color dominate. In the impressive gouaches of stalions, the animals are strong and alive and color is added by the striking costumes worn by attendants.

There are ink sketches, original in conception, each depicting a mood. Dresser's paintings are in a number of museums and his work has been exhibited internationally. The exhibition will close Sept. 3.

**Library Fair Workers Entertained at Tea**  
Woodstock, Aug. 29—The chairman of the various committees of the 25th annual Library Fair, which was held July 31, were entertained at a tea at the library Thursday afternoon. Mrs. Victor Loney and Mrs. William Shirey poured.

Houston Richards, president of the library and chairman of this year's fair, thanked all of those who had contributed to the fair's success. He announced that the fair this year had made a net profit of \$4,236, with expenses amounting to \$497. Richards said that each year new equipment is added, such as tables used on the day of the Library Fair, not only for the purpose of adding gaiety and color to the fair grounds, but to render them more comfortable and efficient.

## THE RED CARPET

By Dan Wickenden

This is light summer reading about a young, extremely unsophisticated and very likeable man, son of a school superintendent in a small town in Illinois. He is Jason Lysander Bent, age 22, possessed of the idea that only in the great metropolis can he realize his ambition to become a great writer. So, after a final farewell to his childhood sweetheart, Winifred Adams, daughter of the rector, he starts out upon his great adventure.

At first life in New York seemed rather humdrum, consisting as it did of dull evening at the home of his older sister and brother-in-law in Jackson Heights, and interminable subway trips back and forth to the New York publishing house where he worked. But one night after a rather messy office party of the kind which became popular during prohibition, with much drinking, risqué jokes and baiting of the bosses, resulting in hard feelings all-around later on; Jason found himself at a nearby bar with Goldie, a chorus girl whom someone brought to the party, and somehow mislaid; when in came socialite Robert Holland followed soon by his beautiful wife, Virginia. By that time Jason had had entirely too many drinks for him and when bowing over Virginia's hand flat on his face. He woke up in Robert and Virginia's apartment in Sutton Place and after that he really entered into high life. Bored with each other and their own social set, Jason, in his fresh young innocence seemed like a celestial breeze to them. They rolled out the red carpet for him; found him a little basement apartment in Greenwich Village, introduced him to their friends and to Robert's formidable mother who included him in her many theatre parties, dinners to celebrities, cocktail parties etc. and gave him quite a time. Unfortunately Jason fell deeply in love with Virginia and that raised complications. When Jason's brother-in-law learned about all this, he telephoned a rather disloyal, but true, account to Jason's father and stirred up a storm which results in an avalanche of letters from the folks back home.

These letters are most amusing and enlightening and tell a complete story of what has been going on since Jason left Illinois, stressing especially Winifred's attitude about which all, including Winifred, are unhappy and indicate strongly their wish that Jason might be the bridegroom. The story rushes on to its inevitable conclusion, with Jason disillusioned and unhappy, trying to make up his mind whether to remain in the Glamour City or returning to Illinois.

Mr. Wickenden has drawn sharp contrast between the typical, well-behaved citizens of a mid-western town and a far from typical, neurotic, drifting, sometimes sinister group of Manhattanites to the latter's disadvantage. A group of which the average, respectable New Yorker knows little and cares less.

### Munder Appointed

Albany, Aug. 30 (P)—Fred J. Munder of Huntington has been appointed as Suffolk county judge. Munder, 48, Suffolk county attorney for the past two years was named yesterday by Gov. Dewey to succeed D. Ormonde Ritchie, who resigned to accept an appointment as a state Supreme Court justice. Munder was nominated by the Republican party Thursday night to run for a full six-year term as county judge in November. The Sunnyside native was Suffolk county district attorney from 1937 to 1946.

### Clinging Vines Bad For Frame Houses

Beware of clinging vines on frame houses, experienced builders say. During the current fast-growing season, vines can penetrate cracks. Thus they hasten the movement of moisture into the wood. Vines, furthermore, keep the sun from drying the wood quickly after rains. They perpetuate a steamy atmosphere close to the wood that invites termites and rot. If you want vines as a protection from the sun (and who

doesn't), builders suggest you keep them a foot or more away from the house. You may do this by means of wires, trellises, or other devices.

### Light for Sewing

A sewing machine light is not enough when sewing. Other light, such as a fluorescent light, to soften shadows and provide more illumination should be provided.

### Sheriff Is Law

Fairplay Colo., (P)—The sheriff of Park County in West-Central Colorado's mountain country is named John Law.

## The CHILDS

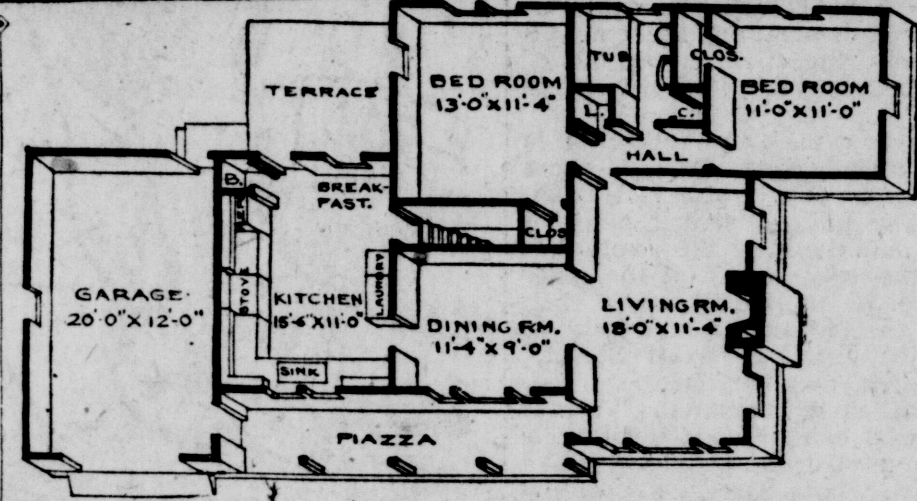

### Good Sized Rooms Are a Feature of Ranch Style Home

Rooms ..... Five  
Bedrooms ..... Two  
Closets ..... Four  
Cubage ..... 23,400'  
Dimensions ..... 56' x 30'  
Measuring 56'x30', "The Childs" has a cubage of 23,400 feet. At least an 80 foot lot would be required to hold the house and attached garage. This house does not have to be placed too great a distance from the street; simple landscaping will be most suitable.

Almost any type of exterior will be equally suitable and attractive for this modified ranch house. Clapboards or shingles seem most appropriate; however, if you prefer white for the exterior color of the house add color and brightness by using blinds and colored roofing.

The long front piazza protects the front entrance which opens directly into the 18'x11'4" living

room. This large, attractive room, located at the right front corner of the house, has a large picture window flanked by casement windows in the front wall plus two windows in the right wall to assure an abundance of light and ventilation.

Centered in the right wall of the room is the handsome fireplace that gives extra decorative appeal and a feeling of homey friendliness to the living room. A large open archway in the left wall leads directly to the 11'4" x 9' dining room; a door in the back

wall opens on the central hallway. Arranging large furniture pieces is made easy in the dining room by the long unbroken back wall. If you'd like to save space and at the same time provide yourself with some handy storage space, build a china closet in the left back corner of the dining room.

Flanked by casement windows, the picture window in the front wall of the dining room looks out on the front piazza, provides the room with good light and air. The door in the left wall leads to the all-modern kitchen. Placing the kitchen at the front of the house (as in this plan) is winning more and more favor with home builders, for such an arrangement leaves the back and quieter sections of the house free for the bedrooms. Working counters, cupboards and cabinets line the front and left walls in an L shaped array; the sink is centered against the front wall, under the double windows.

The stove is placed in the center of the line of working counters against the left kitchen wall, while the refrigerator is at the very end of this array of working counters, cupboards and cabinets. In the corner is the large broom closet.

Laundry equipment can very conveniently be placed right in the kitchen of "The Childs" against the right wall, between the door from the dining room and the stairway to the basement, is the selected location. In this roomy kitchen there's also space for a comfortable breakfast nook.

Looking out on the terrace which can be made just as attractive as you wish, the one window in the back wall of the kitchen provides extra light and ventilation for the breakfast nook. The door in the back wall leads directly to the terrace.

Measuring 20'x12', the garage can be reached from the back yard, through the regular front entry or through the protected side entrance from the piazza. One window in the left wall provides ample light and ventilation. You'll find the garage has plenty of overhead and regular storage space.

The bedrooms in "The Childs" cannot be reached directly from the kitchen; only the central hallway leading from the living room connects with the bedrooms and the bath.

Two windows in the back wall and one in the left wall provide excellent light and cross ventilation for the master bedroom. The large closet in the front wall of the 13'x11'4" room contains ample storage area for the "man and woman" of the house.

**Master Bedroom**  
Also opening on the central hallway, between the master bedroom and the bathroom, is the linen closet. As this closet is not too large, many will wish to use it for the storage of bed linen exclusively, then use the closet in the bathroom itself as a storage place for clean towels, etc.

Containing both a tub and a shower, the bathroom receives good light and ventilation from the window in the back wall. Cross ventilation and plenty of light and sunshine reach the 11 foot square bedroom through the foot square bedroom through the window in the back wall of the room and the one in the right wall.

The extra large closet in the left wall can be divided in two

sections so that one part can be converted into a cedar closet where the family's winter clothing, blankets, etc., can be stored. Since the laundry equipment is installed in the kitchen of "The Childs," the heating plant is the only "must" installation in the basement. Thus, you'll have an abundance of basement area to do with as you wish.

## What *really* happens when the kids go back?

What about transportation?

How about health measures?

Fall brings a thousand questions that must be answered.

Will the kids be all right? What about new teachers? Traffic conditions around the school? Lunches? Transportation? School Board rulings? Health precautions?

To find the answers you turn to your newspaper — naturally! Because the newspaper has the kind of information you're looking for.

Facts about everything! Facts about schools ... the state ... the town ... the world. Facts about features, fun, and back-to-school bargains in the stores downtown.

Facts you can carry in your pocket — to read whenever you choose ... wherever you choose. All the facts — so that

you can read as much as you choose.

That's why nearly everybody reads the newspaper nearly every day.

That's why so many people who sell advertised products insist that they be advertised in newspapers.

Because in newspapers an advertising message has a chance to reach all people who can buy. Not just sports fans or quiz fans or music fans or comedy fans ... but everybody.

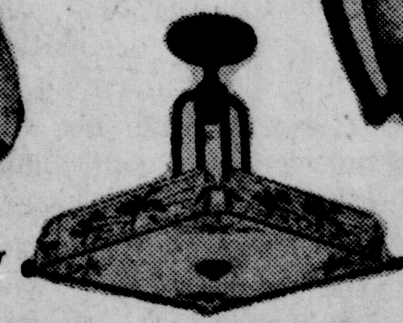

That's why all advertisers — both "national" and retail — invest more money in newspapers than in any other form of advertising.

The newspaper is first with the most news ... first with the most people ... first with most advertisers.

*The newspaper is always "first with the most"*

## The CHILDS

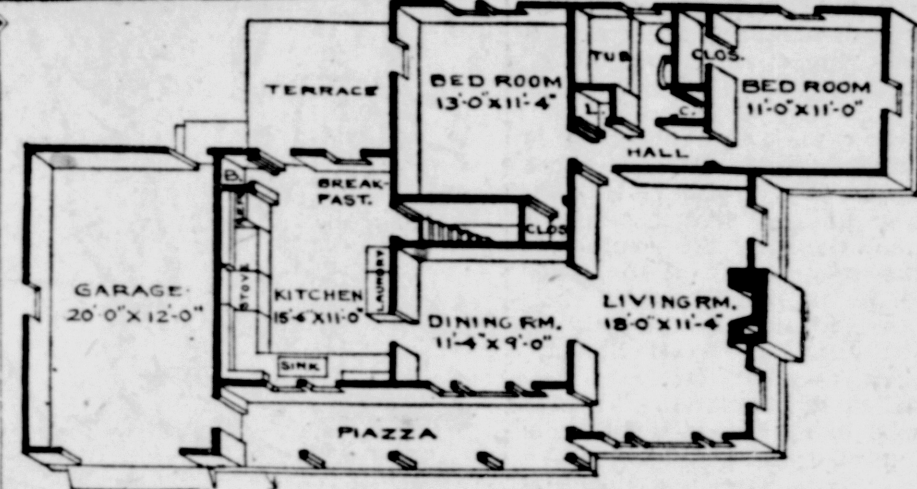

### Good Sized Rooms Are a Feature of Ranch Style Home

Rooms ..... Five  
Bedrooms ..... Two  
Closets ..... Four  
Cubage ..... 23,400  
Dimensions ..... 56' x 30'

Measuring 56'x30', "The Childs" has a cubage of 23,400 feet. At least an 80 foot lot would be required to hold the house and attached garage. This house does not have to be placed too great a distance from the street; simple landscaping will be most suitable.

Almost any type of exterior will be equally suitable and attractive for this modified ranch house. Clapboards or shingles seem most appropriate; however, if you prefer white for the exterior color of the house add color and brightness by using blinds and colored roofing.

The long front piazza protects the front entrance which opens directly into the 18'x11'4" living

room. This large, attractive room, located at the right front corner of the house, has a large picture window flanked by casement windows in the front wall plus two windows in the right wall to assure an abundance of light and ventilation.

Centered in the right wall of the room is the handsome fireplace that gives extra decorative appeal and a feeling of homey friendliness to the living room. A large open archway in the left wall leads directly to the 11'4" x 9' dining room; a door in the back

wall opens on the central hallway.

Arranging large furniture pieces is made easy in the dining room by the long unbroken back wall. If you'd like to save space and at the same time provide yourself with some handy storage space, build a china closet in the left back corner of the dining room.

Flanked by casement windows, the picture window in the front wall of the dining room looks out on the front piazza, provides the room with good light and air. The door in the left wall leads to the all-modern kitchen.

Placing the kitchen at the front of the house (as in this plan) is winning more and more favor with home builders, for such an arrangement leaves the back and quieter sections of the house free for the bedrooms. Working counters, cupboards and cabinets line the front and left walls in an L shaped array; the sink is centered against the front wall, under the double windows.

The stove is placed in the center of the line of working counters against the left kitchen wall, while the refrigerator is at the very end of this array of working counters, cupboards and cabinets. In the corner is the large broom closet.

Laundry equipment can very conveniently be placed right in the kitchen of "The Childs"; against the right wall, between the door from the dining room and the stairway to the basement, is the selected location. In this roomy kitchen there's also space for a comfortable breakfast nook.

Looking out on the terrace which can be made just as attractive as you wish, the one window in the back wall of the kitchen provides extra light and ventilation for the breakfast nook. The door in the back wall leads directly to the terrace.

Measuring 20'x12', the garage can be reached from the back yard, through the regular front entry or through the protected side entrance from the piazza. One window in the left wall provides ample light and ventilation. You'll find the garage has plenty of overhead and regular storage space.

The bedrooms in "The Childs" cannot be reached directly from the kitchen; only the central hallway leading from the living room connects with the bedrooms and the bath.

Two windows in the back wall and one in the left wall provide excellent light and cross ventilation for the master bedroom. The large closet in the front wall of the 13'x11'4" room contains ample storage area for the "man and woman" of the house.

**Master Bedroom**

Also opening on the central hallway, between the master bedroom and the bathroom, is the linen closet. As this closet is not too large, many will wish to use it for the storage of bed linen exclusively, then use the closet in the bathroom itself as a storage place for clean towels, etc.

Containing both a tub and a shower, the bathroom receives good light and ventilation from the window in the back wall. Cross ventilation and plenty of light and sunshine reach the 11 foot square bedroom through the foot square bedroom through the window in the back wall of the room and the one in the right wall.

The extra large closet in the left wall can be divided in two

sections so that one part can be converted into a cedar closet where the family's winter clothing, blankets, etc., can be stored.

Since the laundry equipment is installed in the kitchen of "The Childs," the heating plant is the only "must" installation in the basement. Thus, you'll have an abundance of basement area to do with as you wish.

**Blueprints Available**

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. For plan prices, write to the Home Building Editor, Dept. 24, Kingston Daily Freeman and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

**Novice Can Repair Cracks in Plaster**

Repairing plaster cracks does not require refinishing the whole surface and the job can be done by the unskilled workman. The crack must be wide enough to allow sufficient fresh plaster to be forced into it to form a good

bond with the old plaster.

If necessary, scrape out the area to make an opening at least one-quarter inch across; then, brush out all particles of loose sand and plaster and thoroughly dampen the surface before applying fresh plaster.

The plaster should then be pressed into the crack and struck off with the surface. To avoid any drying-out which would cause a chalky condition without sufficient strength, spray water onto the surface after the plaster has set and keep the surface damp for 24 hours.

## What *really* happens when the kids go back ?

What about transportation?

How about health measures?

Fall brings a thousand questions that must be answered.

Will the kids be all right? What about new teachers? Traffic conditions around the school? Lunches? Transportation? School Board rulings? Health precautions?

To find the answers you turn to your newspaper — naturally! Because the newspaper has the kind of information you're looking for.

Facts about everything! Facts about schools... the state... the town... the world. Facts about features, fun, and back-to-school bargains in the stores downtown.

Facts you can carry in your pocket — to read whenever you choose... wherever you choose. All the facts—so that

you can read as much as you choose.

That's why nearly everybody reads the newspaper nearly every day.

That's why so many people who sell advertised products insist that they be advertised in newspapers.

Because in newspapers an advertising message has a chance to reach all people who can buy. Not just sports fans or quiz fans or music fans or comedy fans... but everybody.

That's why all advertisers — both "national" and retail — invest more money in newspapers than in any other form of advertising.

The newspaper is first with the most news... first with the most people... first with most advertisers.

*The newspaper is always "first with the most"*

### HERE'S WHAT MESS MEANS

We're all aware of the psychic phenomenon whereby a man can make himself see only what he wants to see, hear only what he wants to hear, and remember only what he wants to remember.

So when President Truman says he is unaware that any mess exists in Washington we must be patient and tolerant and remember about psychic phenomena.

But at the same time we happily are free to point out that we think he is wrong, dead wrong. And by "we" is meant all the Republicans, nearly all the Democrats, and Adlai Stevenson, who has flatly declared that a mess does exist in Washington and that he is going to clean it up.

Furthermore, newspaper readers and the radio and television audience—lacking the psychic compulsion to forget certain things—recall all too vividly the big Washington stories about corruption, graft, bribery, influence peddling.

And they recall just as well the ineffectual measures taken by the administration to stamp out these evils. The people have no reason to want to forget these things. On the contrary—shocked and deeply offended by them—the people have every reason to want to remember them. And they want positive, determined steps to eradicate them.

There is just one more point to take up here and that is that maybe President Truman doesn't know what the word "mess" means. You find people sometimes who go through life with an imperfect understanding of a fairly common word.

Like, for instance you'll sometimes find a fellow who thinks a tycoon is one of those big storms out around the South Pacific, that a typhoon is a big, fat captain of industry, that a buffoon is something you jab into whales, and a harpoon is a jokester.

Webster's New International Dictionary, a fat, authoritative tome weighing as much as a bucket of rocks, has a whole list of meanings for the word "mess."

Most of them have to do with meals, particularly as applied to the ones seamen eat. That's not the meaning we have in mind, Mr. President. Meaning Number 2 says mess can mean the milk given by a cow at one milking. Not that one, either, Mr. President. Nobody's sore about the milk some cow gave down in Washington.

Meaning Number 3 says mess can mean the food given to a beast at one time. Nobody's begrudging a horse his hay.

But with meaning Number 4 we begin to get some place. In fact, we arrive.

Meaning Number 4 says mess can mean, "A confused, inharmonious, or disagreeable mixture of things; a medley; a hodgepodge; hence, a situation resulting from blundering or from misunderstanding; a state of confusion, embarrassment, or the like; a muddle; a botch."

That's what we mean by mess, Mr. President. All those things.

And now that we understand each other, we hope, what's going to be done between now and November 4 about cleaning up that mess—M-E-S-S, that is?

Nobody knows all the answers, and yet too many people stop too early asking questions.

### CONSTANT OBLIGATION

On the long list of many occupations people fill there is a group known as the "service trades." These are the jobs that go on and on and on. Firemen, railroaders, newspaper men, utility workers, policemen labor around the clock. Seven days a week, 52 weeks a year the need for their work continues. Even death does not relieve the obligation to society which these men associate with their jobs.

In a small town in northern Ohio a policeman, Lawrence Gallatin of Brook Park, was killed accidentally as his hunting rifle fired when the trigger caught in car upholstery. Firemen and policemen of the village

### THE COLONEL TAKES A WALK

When a man can say that his grandfather founded the Republican Party and proposed its name, he is likely to have affiliations with it that are emotionally binding. It must have been a wrench for Colonel Robert R. McCormick therefore to take a walk from the Republican Party.

The Colonel is important because he controls the "Chicago Tribune" and the Washington "Times-Herald." But in a broader sense, his dramatic announcement for the necessity for a new party and a withdrawal from Eisenhower without a switch to Stevenson will influence large numbers of traditional Republicans.

Each of our parties is now an amalgam of dissident groups. For instance, Senator Byrd and Governor Byrnes have no more business in a Truman Democratic Party than Colonel McCormick and Senator McCarthy have in a Dewey-run Republican Party. But such elements as these names symbolize remain in their respective parties out of tradition or habit or because they do not know where else to go.

The Republican Party's majority following is still deeply attached to Robert A. Taft, Herbert Hoover, Everett Dirksen and similar leaders. Thomas E. Dewey never built a strong personal following in the party, but the New York vote was always regarded as sufficiently important to justify accepting Dewey. Also, he represents, more than any other Republican, the remaining money power in politics, euphemistically called "Wall Street," consisting of industrialists and bankers.

What is nowadays called the "amateurs," represents aspiring youth who cannot wait until their seniors die off, and a number of politicians, like Henry Cabot Lodge, Jr., whose careers are deeply involved in an Eisenhower victory.

Since the convention, I have received literally hundreds of letters from Republicans saying that they cannot vote for Eisenhower because of Dewey or for other reasons and that they will not vote for Stevenson. Also, I am constantly receiving circulars proposing new parties, "third" parties, etc. Colonel McCormick responds to this rising tide of distress and disappointment.

Recently, an editor of a newspaper, which prints this column, said it is a pity that instead of a grand debate on public issues, we seem to be snarled into a quarrel over Senator Joe McCarthy. In a sense that is true. Yet, Colonel McCormick, in his speech, emphasized the importance of electing McCarthy as he emphasized the importance of defeating Henry Cabot Lodge, Jr.

These men are symbols, each in his own way, of the cleavage within the Republican Party. McCarthy represents nationalism; Lodge, opportunism. It is because he undoubtedly feels that nationalism is the essential issue before the American people that Colonel McCormick wants the new party to be called "The American Party."

During the convention, two arguments were articulated in favor of General Eisenhower:

1. He could be elected;  
2. He could provide the Republican Party with a new leadership that would be attractive to youth and to Democrats who would like to leave Truman, and to the Independents.

As regards Point One, not even the most ardent supporters of Eisenhower now believe that his election is better than doubtful.

As regards Point Two, the new leadership thus far has succeeded in splitting off important elements of the party. The Taft followers are everywhere sitting on their hands in a feud with Dewey. The Hoover faction of the Republican Party is, at the moment, in a feud with Eisenhower and his One World concepts. They have a particular hate for Paul G. Hoffman.

The MacArthur elements, while not organized, are larger than convention activities indicated. They are anti-Eisenhower.

Now the Eisenhower management has cut itself off from the enormous McCarthy following in every state. Vice Presidential candidate Richard Nixon is more responsible for that than Tom Dewey or General Eisenhower. When Nixon expressed lack of knowledge of the McCarthy charges, he said what many Republicans cannot and do not believe.

I, for instance, know that Nixon was fully informed about the Institute of Pacific Relations investigation which originated with McCarthy. I do not, as a rule, betray the hospitality of my hostess—yet, I say that I know that Nixon had a working knowledge of Joe McCarthy's charges in this connection. This may be the most costly error of the campaign.

Many traditional Republicans will join Colonel McCormick on this walk. The pity of it is that it had to come in 1952 when there was a chance to win.

### FACTS ABOUT MENTAL HEALTH

When we read that there are more patients in mental hospitals than there are in all other hospitals combined, the picture is really a dark one. On the other hand, when we read that in 1928, fewer than three out of ten patients with the commonest form of mental ailment—schizophrenia—could expect to recover or be discharged, yet today almost six out of ten will recover, it shows the great progress being made in the treatment of these cases.

In his annual report, Oren Root, president of the National Association for Mental Health, Inc., tells us that there are 20 per cent more patients in mental hospitals than there were ten to 12 years ago. This does not, however, mean that mental illness is on the rise. Some of this increase is attributed to the increase in the number of hospitals; some to the fact that people are less afraid and ashamed today to make use of the mental hospitals, and less skeptical about using them. They recognize that mental hospitals are more and more becoming medical institutions for treatment rather than asylums for care and protection of patients and public.

Another factor is the growth of the population and the increased life span. There are more old people alive today than there were 12 years ago and the incidence or percentage of mental illness has always been high in the older age brackets.

Another interesting fact is that about 97 per cent of all mental hospital beds are in public hospitals. This shows, as stated above, that the treatment in our government mental hospitals has gained the confidence of the public. However, President Root states that many of these hospitals are understaffed as to doctors, nurses, orderlies and others or even better results would be obtained.

In a plea for improvement of conditions in mental hospitals, Mr. Root says that "the improvements in care and treatment may be expected to result in speedier recovery of patients, reduction of the patient load, and reduction in the tremendous cost of maintaining patients in mental hospitals year after year."

### GOV. FULLER WARREN

Tallahassee, Fla.—Col. D. Pearson, the conductor of this circulating column, has invited me to fill the space today. I am grateful for his generous invitation.

Little can be said for Col. Pearson's prowess as a pugilist, but much can be said for his capacity as a chronicler. He perhaps has had no peer in the field of English fiction since Chaucer, or may be since the translator of Grimm's Fairy Tales.

Like all gifted men, Col. Pearson has a few failings. Shortly after General William Tecumseh Sherman toured Georgia, a homeless citizen of Atlanta remarked that the general was a great man but a little careless with fire. Something similar could be said about Col. Pearson. Beyond Cavil, he is a clever and witty writer, but a little careless with facts. President Roosevelt went so far as to say he was a "chronic liar." I can't quite take that. Col. Pearson sometimes tells the truth. Occasionally, the truth creeps into his widely read column. It may not be intentional, but it's there.

Col. Pearson usually mangles the fair form of truth when he turns his column into a vehicle of propaganda for an aspiring politician—as he frequently does. He also lacerates the beautiful body of truth when he prostitutes his column to character assassination—as he often does.

Once Col. Pearson has fathered a falsehood, he usually remains faithful to it. Many untrue statements in his column have been pointed out to Col. Pearson, but he rarely has retracted. He does, however, resort to the disarming device of voluntarily correcting trivial untruths, while sticking loyally by his big lies.

It would be impossible, in the limited space allowed me, to recount all the vast mass of misrepresentation Col. Pearson has perpetrated on his reading public. I use the qualifying "reading," because some people have been deceived so many times by Col. Pearson's fairy tales—masking quackery as fact—that they have quit reading him.

It is possible, however, to make a rough estimate of Col. Pearson's total output of prevarication. Although no detailed tabulation has been kept, I estimate that Baron Munchausen's contemporary counterpart has told not less than two dozen lies about me within the past two years. As-

suming, I have received only my pro rata share of Baron Pearson's prevarications, this data may be projected to the conclusion that this modern Munchausen has concocted twenty-four falsehoods about every person on whom he has unleashed his yelping pack of lies.

Projecting this scientific calculation further, it can be estimated that during the past two years it has suited the purposes of Col. Pearson to smear at least 2,000 persons (this estimate is almost laughably low). Thus, it mathematically follows that Col. Pearson has manufactured, within the short time of two years, 48,000 units of mendacity. That is mass production on a massive scale! The miracles of mass production achieved by General Motors sink into insignificance when compared to Col. Pearson's assembly line assaults on truth.

Pearson has a keen and cunning knowledge of libel law. Libel laws of most states are such that a writer of Col. Pearson's uncanny skill can smear an innocent person's good reputation and yet escape conviction for defamation. Lefty Grove could not cut the outside corner of the plate with the precision by which Pearson can ruin a reputation and yet not be prosecuted for libel. With a crafty artifice like Pearson loose in the land, our antiquated libel laws afford little, if any, protection to American citizens.

At the apparent behest of his pet candidate for president, on the 3rd day of June 1952, Col. Pearson smeared me in a column containing curious congeries of almost incoherent lies. After making a series of untrue accusations against me, Baron Pearson advised the Florida legislature to incorporate his charges into articles of impeachment against me.

Pearson cobbled from his readers the recorded fact that the Florida House of Representatives already rejected and refuted his stale accusations by a vote of 76 to 6. One Florida newspaper, which carries his column, apologized for Pearson's nonsensical suggestion by pointing out that he had warmed over some sour and discredited dregs which already had been thrown out by the Florida legislature.

Space will not permit a detailed account of his journalistic gibber-

ish, but I will cite two of the monstrosities in the Pearsonian piece of prevarication. The Potomac prevaricator, in an obvious attempt to discredit me to the benefit of his pet presidential candidate, alleged that under Florida law I swore in an affidavit that contributions to my gubernatorial campaign in 1948 totaled \$8,825.00. In 1948, Florida law did not require that I or any other candidate swear in an affidavit what the total campaign contributions were. In 1948 Florida law merely required a candidate to file a sworn statement showing the amount of campaign expenditures known to him.

Pearson further alleged that Section 102.62 of the Florida Statutes in 1948 limited the total contributions to a governor's campaign to \$15,000. This is another Pearson whopper. Section 102.62 of the Florida Statutes at that time did not place any limit whatsoever on the total contributions to a governor's campaign fund.

It is not easy to understand why Pearson attempted to deceive his readers about the plain provisions of this law which had been expected during the weekend. Several of the new teachers already have arrived and more are expected during the weekend.

Even if I could I would not silence Pearson. I would, however, like to see the fearless fictioneer strike a better balance between fact and falsehood—say, 50-50. That would be a great gain for truth.

## SHOKAN

Shokan, Aug. 29—Mrs. Anthony Costa and son, Raymond, of Yonkers recently were guests of their relatives, Mr. and Mrs. Bernard Casablanca. Mrs. Costa, an aunt of Bernard, teaches at St. Joseph's School and is studying for a master's degree at Hunter College in New York.

Callers in the village center last week included Dr. and Mrs. Arthur Davis of Delhi where Dr. Davis, a former Olive Bridge resident, is practicing his profession. Dr. Davis reports the incidence of rabies among dairy cattle in the county seat area considerably below that of last year, though many foxes and raccoons are still prey to the dread disease up there.

Mr. and Mrs. Joseph Aldrich and children moved this week from the Overlook Mountain road in the town of Woodstock to the Winchell tenant house here. Mr. Aldrich was formerly employed by the Holland Furnace company in Kingston.

Old Timer was greatly intrigued by The Freeman story on the A. Wood bottling works and the subsequent finding near West Hurley of one of the century old firm's thick glass bottles with a "curious stopper." O. T. says it conjured up nostalgic memories of the "soda water" dispensed at Winchell's Store, church fairs and Fourth of July festivals in the old village 60 years ago and more. He says birch beer was best seller among the several Wood's flavors, with sarsaparilla most popular with elderly folks. Old Timer sheds further light on those stoppers which, he says, were a disk of thick rubber attached to a heavy wire ring which protruded an inch or so above the rim of the bottle neck. So, when he as a lad would plunk down his five pennies for a cold drink, the storekeeper would fish one out of the washtub of ice water and either press down the wire plunger with the flat of his hand, or else—and more likely—push the dings hard up against the under side of the counter. This, says O. T. was a rare treat for a feller, and boy was it good!

Alonso VanWagoner and brother James, former Shokan boys, were delivering slab stovewood here Tuesday from one of the Shandaken sawmills. This fuel, mostly a by-product from the sawing of hard maple for shoe heel stock, is now selling in the mountains at \$15 per load of around five cords. (Literally millions of potential heels have gone out of the Catskills during the past three years. Seems so, anyway.)

Twenty and Ten Years Ago  
Aug. 30, 1932—Ulster county's apple crop was expected to total 100,000 barrels.

The BPW adopted a staggered system for its employees' work schedule.

Lester Beesmer, 28, of Samsonville, was fatally hurt in an automobile accident near that community.

Earl E. Carl and Miss Beatrice B. Shaw, both of Post street, were married Aug. 28.

## HERE'S WHAT MESS MEANS

We're all aware of the psychic phenomenon whereby a man can make himself see only what he wants to see, hear only what he wants to hear, and remember only what he wants to remember.

So when President Truman says he is unaware that any mess exists in Washington we must be patient and tolerant and remember about psychic phenomena.

But at the same time we happily are free to point out that we think he is wrong, dead wrong. And by "we" is meant all the Republicans, nearly all the Democrats, and Adlai Stevenson, who has flatly declared that a mess does exist in Washington and that he is going to clean it up.

Furthermore, newspaper readers and the radio and television audience—lacking the psychic compulsion to forget certain things—recall all too vividly the big Washington stories about corruption, graft, bribery, influence peddling.

And they recall just as well the ineffectual measures taken by the administration to stamp out these evils. The people have no reason to want to forget these things. On the contrary—shocked and deeply offended by them—the people have every reason to want to remember them. And they want positive, determined steps to eradicate them.

There is just one more point to take up here and that is that maybe President Truman doesn't know what the word "mess" means. You find people sometimes who go through life with an imperfect understanding of a fairly common word.

Like, for instance you'll sometimes find a fellow who thinks a tycoon is one of those big storms out around the South Pacific, that a typhoon is a big, fat captain of industry, that a buffoon is something you jab into whales, and a harpoon is a jokester.

Webster's New International Dictionary, a fat, authoritative tome weighing as much as a bucket of rocks, has a whole list of meanings for the word "mess."

Most of them have to do with meals, particularly as applied to the ones seamen eat. That's not the meaning we have in mind, Mr. President. Meaning Number 2 says mess can mean the milk given by a cow at one milking. Not that one, either, Mr. President. Nobody's sore about the milk some cow gave down in Washington.

Meaning Number 3 says mess can mean the food given to a beast at one time. Nobody's begrudging a horse his hay.

But with meaning Number 4 we begin to get some place. In fact, we arrive.

Meaning Number 4 says mess can mean, "A confused, inharmonious, or disagreeable mixture of things; a medley; a hodge-podge; hence, a situation resulting from blundering or from misunderstanding; a state of confusion, embarrassment, or the like; a muddle; a botch."

That's what we mean by mess, Mr. President. All those things.

And now that we understand each other, we hope, what's going to be done between now and November 4 about cleaning up that mess—M-E-S-S, that is?

Nobody knows all the answers, and yet too many people stop too early asking questions.

## CONSTANT OBLIGATION

On the long list of many occupations people fill there is a group known as the "service trades." These are the jobs that go on and on and on. Firemen, railroaders, newspaper men, utility workers, policemen labor around the clock. Seven days a week, 52 weeks a year the need for their work continues. Even death does not relieve the obligation to society which these men associate with their jobs.

In a small town in northern Ohio a policeman, Lawrence Gallatin of Brook Park, was killed accidentally as his hunting rifle fired when the trigger caught in car upholstery. Firemen and policemen of the village

## THE COLONEL TAKES A WALK

When a man can say that his grandfather founded the Republican Party and proposed its name, he is likely to have affiliations with it that are emotionally binding. It must have been a wrench for Colonel Robert R. McCormick therefore to take a walk from the Republican Party.

The Colonel is important because he controls the "Chicago Tribune" and the Washington "Times-Herald." But in a broader sense, his dramatic announcement for the necessity for a new party and a withdrawal from Eisenhower without a switch to Stevenson will influence large numbers of traditional Republicans.

Each of our parties is now an amalgam of dissident groups. For instance, Senator Byrd and Governor E. B. Evans have no more business in a Truman Democratic Party than Colonel McCormick and Senator McCarthy have in a Dewey-run Republican Party. But such elements as these names symbolize remain in their respective parties out of tradition or habit or because they do not know where else to go.

The Republican Party's majority following is still deeply attached to Robert A. Taft, Herbert Hoover, Everett Ruess and similar leaders. Thomas E. Dewey never built a strong personal following in the party, but the New York vote was always regarded as sufficiently important to justify accepting Dewey. Also, he represents, more than any other Republican, the remaining money power in politics, euphemistically called "Wall Street," consisting of industrialists and bankers.

What is nowadays called the "amateurs," represents aspiring youth who cannot wait until their seniors die off, and a number of politicians, like Henry Cabot Lodge, Jr., whose careers are deeply involved in an Eisenhower victory.

Since the convention, I have received literally hundreds of letters from Republicans saying that they cannot vote for Eisenhower because of Dewey or for other reasons and that they will not vote for Stevenson. Also, I am constantly receiving circulars proposing new parties, "third" parties, etc. Colonel McCormick responds to this rising tide of distress and disappointment.

Recently, an editor of a newspaper, which prints this column, said it is a pity that instead of a grand debate on public issues, we seem to be snarled into a quarrel over Senator Joe McCarthy. In a sense that is true. Yet, Colonel McCormick, in his speech, emphasized the importance of electing McCarthy as he emphasized the importance of defeating Henry Cabot Lodge, Jr.

These men are symbols, each in his own way, of the cleavage within the Republican Party. McCarthy represents nationalism; Lodge, opportunism. It is because he undoubtedly feels that nationalism is the essential issue before the American people that Colonel McCormick wants the new party to be called "The American Party."

During the convention, two arguments were articulated in favor of General Eisenhower:

1. He could be elected;  
2. He could provide the Republican Party with a new leadership that would be attractive to youth and to Democrats who would like to leave Truman, and to the Independents.

As regards Point One, not even the most ardent supporters of Eisenhower now believe that his election is better than doubtful.

As regards Point Two, the new leadership thus far has succeeded in splitting off important elements of the party. The Taft followers are everywhere sitting on their hands in a feud with Dewey. The Hoover faction of the Republican Party is, at this moment, cold to Eisenhower and his One World concepts; they have a particular hate for Paul G. Hoffman.

The MacArthur elements, while not organized, are larger than convention activities indicated. They are anti-Eisenhower.

Now the Eisenhower management has cut itself off from the enormous McCarthy following in every state. Vice Presidential candidate Richard Nixon is more responsible for that than Tom Dewey or General Eisenhower. When Nixon expressed lack of knowledge of Joe McCarthy's charges, he said what to many Republicans cannot and do not believe.

I, for instance, know that Nixon was fully informed about the Institute of Pacific Relations investigation which originated with McCarthy. I do not, as a rule, betray the hospitality of my hostess—yet, I say that I know that Nixon had a working knowledge of Joe McCarthy's charges in this connection. This may be the most costly error of the campaign.

Many traditional Republicans will join Colonel McCormick on this walk. The pity of it is that it had to come in 1952 when there was a chance to win.

## That Body of Yours

### FACTS ABOUT MENTAL HEALTH

When we read that there are more patients in mental hospitals than there are in all other hospitals combined, the picture is really a dark one. On the other hand, when we read that in 1928, fewer than three out of ten patients with the commonest form of mental ailment—schizophrenia—could expect to recover or be discharged, yet today almost six out of ten will recover, it shows the great progress being made in the treatment of these cases.

In his annual report, Oren Root, president of the National Association for Mental Health, Inc., tells us that there are 20 per cent more patients in mental hospitals than there were ten to 12 years ago. This does not, however, mean that mental illness is on the rise. Some of this increase is attributed to the increase in the number of hospitals; some to the fact that people are less afraid and ashamed today to make use of the mental hospitals, and less skeptical about using them. They recognize that mental hospitals are more and more becoming medical institutions for treatment rather than asylums for care and protection of patients and public.

Another factor is the growth of the population and the increased life span. There are more old people alive today than there were 12 years ago and the incidence or percentage of mental illness has always been high in the older age brackets.

Another interesting fact is that about 97 per cent of all mental hospital beds are in public hospitals; the other three per cent are in private hospitals. This shows, as stated above, that the treatment in our government mental hospitals has gained the confidence of the public. However, President Root states that many of these hospitals are understaffed as to doctors, nurses, orderlies and others or even better results would be obtained.

In a plea for improvement of conditions in mental hospitals, Mr. Root says that "the improvements in care and treatment may be expected to result in speedier recovery of patients, reduction of the patient load, and reduction in the tremendous cost of maintaining patients in mental hospitals year after year."

## The Washington Merry-Go-Round

GOV. FULLER WARREN

Tallahassee, Fla.—Col. D. Pearson, the conductor of this circulating column, has invited me to fill the space today. I am grateful for his generous invitation.

Little can be said for Col. Pearson's prowess as a pugilist, but much can be said for his capacity as a chronicler. He perhaps has had no peer in the field of English fiction since Chaucer, or maybe since the translator of Grimm's Fairy Tales.

Like all gifted men, Col. Pearson has a few failings. Shortly after General William Tecumseh Sherman toured Georgia, a homeless citizen of Atlanta remarked that the general was a great man but a little careless with fire. Something similar could be said about Col. Pearson. Beyond Cavil, he is a clever and easy writer, but a little careless with facts. President Roosevelt went so far as to say he was a "chronic liar." I can't go quite that far. Col. Pearson sometimes tells the truth. Occasionally, the truth creeps into his widely read column. It may not be intentional, but it's there.

Col. Pearson usually mangles the fair form of truth when he turns his column into a vehicle of propaganda for an aspiring politician—as he frequently does. He also lacerates the beautiful body of truth when he prostitutes his column to character assassination—as he often does.

Once Col. Pearson has fathered a falsehood, he usually remains faithful to it. Many untrue statements in his column have been pointed out to Col. Pearson, but he rarely has retracted. He does, however, resort to the disarming device of voluntarily correcting trivial untruths, while sticking loyally by his big lies.

It would be impossible, in the limited space allowed me, to recount all the vast mass of misrepresentation Col. Pearson has perpetrated on his reading public. I use the qualifying "reading," because some people have been deceived so many times by Col. Pearson's fairy tales—masquerading as fact—that they have quit reading him.

It is possible, however, to make a rough estimate of Col. Pearson's total output of prevarication. Although no detailed tabulation has been kept, I estimate that Baron Munchausen's contemporary counterpart has told not less than two dozen lies about me within the past two years. As-

suming, I have received only my pro rata share of Baron Pearson's prevarications, this data may be projected to the conclusion that this modern Munchausen has concocted twenty-four falsehoods about every person on whom he has unleashed his yelping pack of lies.

Projecting this scientific calculation further, it can be estimated that during the past two years it has suited the purposes of Col. Pearson to smear at least 2,000 persons (this estimate is almost laughably low). Thus, it mathematically follows that Col. Pearson has manufactured, within the short time of two years, 48,000 units of mendacity. That is mass production on a massive scale! The miracles of mass production achieved by General Motors sink into insignificance when compared to Col. Pearson's assembly line assaults on truth.

Pearson has a keen and cunning knowledge of libel law. Libel laws of most states are such that a writer of Col. Pearson's uncanny skill can smear an innocent person's good reputation and yet escape conviction for defamation. Lefty Grove could not cut the outside corner of the plate with the precision by which Pearson can ruin a reputation and yet not be prosecuted for libel. With a crafty artifice like Pearson loose in the land, our antiquated libel laws afford little, if any, protection to American citizens.

At the apparent behest of his pet candidate for president, on the 3rd day of June 1952, Col. Pearson smeared me in a column containing curious congeries of almost incoherent lies. After making a series of untrue accusations against me, Baron Pearson advised the Florida legislature to incorporate his charges into articles of impeachment against me.

Pearson cackled from his readers the recorded fact that the Florida House of Representatives already rejected and refuted his state accusations by a vote of 76 to 6. One Florida newspaper, which carries his column, apologized for Pearson's nonsensical suggestion by pointing out that he had warmed over some sour and discredited drivel which already had been thrown out by the Florida legislature.

Space will not permit a detailed account of his journalistic gibber-

ish, but I will cite two of the monstrosities in the Pearsonian piece of prevarication. The Potomac prevaricator, on an obvious attempt to discredit me to the benefit of his pet presidential candidate, alleged that under Florida law I swore in an affidavit that contributions to my gubernatorial campaign in 1948 totaled \$8,825.00. In 1948, Florida law did not require that I or any other candidate swear in an affidavit what the total campaign contributions were. In 1948 Florida law merely required a candidate to file a sworn statement showing the amount of campaign expenditures known to him.

Pearson further alleged that Section 102.62 of the Florida Statutes in 1948 limited the total contributions to a governor's campaign to \$15,000. This is another Pearson whopper. Section 102.62 of the Florida Statutes at that time did not place any limit whatsoever on the total contributions to a governor's campaign fund.

It is not easy to understand why Pearson attempted to deceive his readers about the plain provisions of this law which had been on the statute books of Florida for 25 years.

Although I have felt constrained to write this column as a sort of clinical contribution to the cause of truth, I want it known that I am not angry at Col. Pearson. He seems to have a certain benevolence of nature which makes it difficult for me to feel harshly toward him because of his frequent defections from fact and his recurring trappings upon truth. Furthermore, having actively participated in politics for more than a quarter century, I do not easily become indignant at an apostle of Ananias.

Moreover, despite his mounting mass of mendacity, Col. Pearson does some good. On rare and infrequent occasions truth creeps into his column. When it does, sometimes the public weal is served.

Even if I could I would not silence Pearson. I would, however, like to see the fearless fictioneer strike a better balance between fact and falsehood—say, 50-50. That would be a great gain for truth.

## Industrial Society Problems Institute Slated at New Paltz

The New York State School of Industrial and Labor Relations at Cornell University will conduct a three-day institute on Problems of an Industrial Society at New Paltz, Thursday through Saturday, Sept. 4-6. The State University Teachers College at New Paltz is cooperating in this program for economics and social studies teachers of the various State University units and eastern private colleges in the state.

Discussion leaders and speakers will relate the following problems of an industrial society to teaching programs: Broadening interests of Social Sciences, Problems of an Aging Society, New Developments in Economic Theory, Understanding Human Behavior, and Freedom and Control.

Discussion leaders will include Professors Louis Salkever and Eugene Link of New Paltz, Lee Benson of Columbia University, and Professors Robert H. Ferguson, John W. McConnell, Duncan MacIntyre, N. Arnold Tolles, Temple Burling, and Maurice F. Neufeld of the School of Industrial and Labor Relations at Cornell. Dr. Buell Gallagher, associate U. S. commissioner of education and president elect at the College of the City of New York, will also serve as discussion leader and will speak at the dinner meeting on Ideas Are More Than Weapons. Further information regarding this institute may be obtained from the Capital District Office, New York State School of Industrial and Labor Relations, 142 Washington avenue, Albany.

## Cancer Society Meeting

The annual meeting of the Ulster County Branch of the American Cancer Society will be held at the Hotel Kirkland Monday, Sept. 8, at 12:30 p. m. for the purpose of electing officers and directors in place of those whose terms expire this year. All members are invited to attend. The meeting will take place immediately after a "Dutch Treat" luncheon.

## Personal Notes

## Unthinkable Announcements

A reader explains: "Until a few months ago I was employed as a hairdresser in the same shop for nine years and came to know many of the customers quite well during this time. I am expecting a baby soon and was wondering if it would be proper to send birth announcements to these people when the baby arrives, or would this obligate them to send presents?"

Such announcements should be sent to none but your relatives and nearest friends. In the situation that you describe I'm sorry to have to tell you that it would not be in very good taste.

## Embarrassed Table Guest

Dear Mrs. Post: When invited out to dinner and the hostess serves berries with seeds in them, and one gets lodged under a denture causing great discomfort, what does one do?

Answer: Say "Excuse me" for a minute and leave the table for a few moments and on no account explain.

## If He's A Real Uncle

Dear Mrs. Post: I have a question of propriety that I would like to have you settle for me. I am married and live in a large apartment house. My uncle, a widower in his early fifties and who is very dear to me, would like to come and visit me. It so happens that my husband will be away on a business trip at the time and I am wondering whether or not it would be proper for him to stay here with me alone, or could this possibly cause unpleasant gossip among my neighbors?

Answer: I can't imagine anyone's criticizing a real uncle—meaning your mother's or father's brother.

How should the olive or cherry in cocktails be eaten? This question and many others are answered for you in Mrs. Post's leaflet "Table Rules of Importance." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to her, c/o The Freeman, P. O. Box 99, Station G, New York 19, N. Y.

## Find Bear in Shark

Tokyo, Aug. 30 (AP)—This is a bearish sort of fish story. Kyodo News Service says fishermen opened a 165-pound shark off the southern Japanese coast—and found a wild bear inside. The agency added that groups of hungry wild bears have been swimming off shore hunting for food.

## Guard Against Polio

Metuchen, N. J., Aug. 30 (AP)—The opening of schools in this municipality has been postponed indefinitely to prevent the spread of polio. The board of education issued the order last night, applying to the high school, grade schools and parochial schools with a total enrollment of about 3,000 children. There are four polio cases in the borough.

## JACOBY ON BRIDGE

## Watch Joe's Bidding To Be Bridge Winner

By OSWALD JACOBY

Written for NEA Service

If you remember the way declarer has bid his hand you can then keep track of his high cards as he plays them. This will often give you the key to the correct defense.

In today's hand West opened the five of diamonds, and South won in his own hand with the king. South ducked a club, and East won with the nine. East returned a low heart, and South won with the ace. Now South laid down the ace of clubs and continued with a low club, West winning the jack.

At this point West knew, of course, that South had another club, and that it was therefore vital to lead a trump in order to prevent dummy from ruffing out the club. The only question was: which trump to lead from the West hand?

Without thinking carefully, West led the jack of spades. East hesitated, but his play didn't make much difference. Actually, he made things easier for declarer by putting up the ace of spades. East then returned a heart, and South ruffed.

By this time South had a very

## Delinquency Alarming

Narrowsburg, Aug. 30 (AP)—Increased juvenile delinquency is confronting American communities with an alarming situation, says the chief of the Children's Bureau of the Federal Security Agency. Dr. Martha M. Eliot, in a message yesterday of the National Jewish Youth Conference, said in part: "The current increase in juvenile delinquency, which is being reflected both in statistics and in specific cases, must be dealt with on a community-by-community basis, all over the nation." More than 325 local and national youth organizations with a combined membership exceeding 300,000 are represented at the conference, which continues until Sept. 1.

## Tribute to Acropolis

Yonkers, Aug. 30 (AP)—Slain labor leader John Acropolis "fought the racket boys tooth and nail" and "was continually threatened and attacked," says the Association of Catholic Trade Unionists. "Perhaps the greatest tribute that has ever been paid to John Acropolis," the association said, "was the fact that he was worth murdering, that he could not be bought." Acropolis was president of the Westchester Federation of Labor and of Local 456 of the AFL Teamsters Union. The prosecutor also disclosed yesterday that Acropolis had been robbed of \$1,000, but described this as a possible after-motive or an attempt to cover up the real motive. Funeral services will be held today for Acropolis at St. John's Episcopal Church.

other afterward for quite a while. One day they met on Pennsylvania avenue where the sidewalk was very narrow.

As Randolph came up, he looked Henry Clay in the eye, and not moving an inch from the sidewalk, hissed, "I never turn out for scoundrel!"

"I always do," said Mr. Clay as he stepped politely off the walk and let Randolph pass.

Actor Sir Cedric Hardwicke listened while a man told a long story. But the man spoke so indistinctly and muffled his punch line so badly that the story wasn't funny. "Why did you laugh?" a friend asked Hardwicke afterward.

"I always do," the actor replied. "If you don't laugh, there's danger of their telling it over again."

## Dodgers and Red Sox in Little World Series Monday

### Reis' 4-Hitter Cops Bridgeport Game, 4-2

### Newell and Boice Set as Pitchers; Yanks Take 2nd

### Forfeit Over Dodgers Winds up Campaign

Southpaw Glenn Newell, the league's top flier and steady Charlie Boice have been assigned starting roles for the first game of the KAA's Little League World Series at 10 a. m. Labor Day at the 156th FA diamond.

Newell is bellwether of the Dodger squad which won the first half with a record of 7 wins and 2 losses.

The Red Sox, with Boice as their first line pitcher, posted an identical record to sweep second half honors.

Today the KAA All Stars were engaged in a return contest with the all star array from the Saugerties Little League. The contest was to get under way at 3 p. m. on the local diamond, with Tom Van Etten scheduled to pitch for Kingston.

**Yanks Win Forfeit**  
Yesterday's final regular clash between the Yankees and Dodgers is a 5-5 tie in the boxscore but the Yankees were awarded the victory by forfeit.

The Dodgers forfeited their right to a tie when George Uhl pitched in the late innings. Uhl had pitched five innings Tuesday and under Little League rules could not pitch again until 72 hours had elapsed.

The Yankee forfeit win enabled them to finish the second round as runners-up with a record of 5 wins and 4 losses. In the first round they trailed the Dodgers with 6 wins and 3 losses.

The Dodgers, minus Hobart Armstrong, outlasted the Yankees, 8 to 3, yesterday but a three-run cluster by Coach Bill Thomas' crew sent them ahead 5-4 in the fifth and forced the first half pennant winners to score once in the bottom of the fifth to get the tie.

Big Jim Volker, the Dodger catcher, whacked a pair of ringing singles to be the only player on either side with more than one safety.

Gene Nagele, Bob Pratt and Tom Ashdown, each stroked a double. Willard Thomas Jr. started in the box for the Yankees with little Allen McCord making his first start for the Dodgers.

The boxscore:

Yankees	AB	R	H
Van Locke, cf.	3	0	0
Hank Cherrick, ss.	3	0	0
Paul Klonowski, 3b.	2	1	1

### How to Get Away From the Wife's Shopping Tours

Kingston, N. Y., Aug. 30—Next time your wife insists you go shopping with her—go! When she starts for the different stores, you politely tell her you'll meet her back at the car.

Show her that you need a haircut and can't think of any other time that you'll be able to get one.

Of course, she'll probably think it is an excuse to go elsewhere and might object—but—there you have her! Tell her that if she doesn't believe you will spend the time in the barber shop (Mickey's), all she has to do is check with the barbers in Mickey's barber shop next time she has her hair done at Mickey's Beauty Shop.

Enjoy your wife's shopping tours in the comfort of Mickey's barber chair.

MICKEY'S BARBER SHOP, 50 N. Front St., Kingston, N. Y. Phone 3275.

### The Name Jones Still Golf Magic

Wethersfield, Conn., Aug. 30 (AP)—The announcer blared the names of golf's top stars—Boros, Turnesa, Palmer, etc., etc.

And then—he boomed: "Robert Tyre Jones, the third."

The 4,000 crowd halted in its tracks and watched quietly as a strapping, 190-pound lad stepped to the tee and sent a whistling drive far down the fairway. The applause caused the modest son of the famed Bobby Jones to turn crimson.

It was a tremendous tribute to one of golf's greatest names, and was among the highlights of the opening round yesterday of the four-day, 72-hole first annual \$15,000 Insurance City Open golf tournament.

Young Jones is strictly a weekend golfer. His three over par 74 wasn't bad. He manages a soft-drink concern at Pittsfield, Mass., and has followed his father's advice against getting all wrapped up in the game.

"Dad told me it wasn't worth it," said Bobby. "And he should know."

New England's richest golf tourney headed for the halfway mark today with Skee Riegel of Tulsa, Okla., and Art Wall, Jr., of Honesdale, Pa., setting the pace with sizzling five-under-par 66s, which equaled the course record.

Julius Boros, who only a year ago worked as a bookkeeper in nearby Hartford, posted a one-under par 70.

Yonkers, N. Y., Aug. 30 (AP)—F. J. Mollica's Musician led all the way for a length and a half victory over Scotch Spencer in the \$4,000 featured pace at Yonkers last night. Stanley Dancer drove Musician right to the front and stayed there on the rail to withstand a strong stretch bid by Scotch Spencer. Spruce Up, Joe Hyland in the sulky, finished third, three parts of a length back of Scotch Spencer.

### Ken McGregor's Ailing Stomach New Cause of Concern for Australians

Forest Hills, N. Y., Aug. 30 (AP)—The Australian delegation in the National Tennis championships was in a state of combined anxiety and frustration today over Ken McGregor's ailing stomach.

Harry Hopman, the Aussies' Davis Cup captain who is acting as chaperon of the down under athletes, was non-committal.

"All I can say is that Ken told me he would be on hand for the match. I know his stomach is bad but only he can tell how it feels," Hopman said.

McGregor's countryman, and the favorite to sweep to his second straight title, Frank Sedgman, said that as far as he knew McGregor's stomach first began to act up in Wimbledon, and that it began to bother him again about two weeks ago in the National doubles at Brookline, Mass.

It certainly has been a well kept secret. It turned out that McGregor has not been able to serve or hit overhead in practice sessions all week.

Even should he appear on the court, it seems certain he won't be at his best. This could be a big blow to the Australians because the suspicion is that if Sedgman doesn't win it, McGregor will—if Ken is in top shape.

Both Sedgman and Vic Seixas, America's No. 1 player from Philadelphia, had short workouts yesterday at the expense of unknowns.

Sedgman took only 37 minutes to dispose of Alvin Bunis of Cincinnati, 6-1, 6-0, 6-0. Seixas whipped Frank Okey of Rochester, N. Y., 6-3, 6-1, 6-0.

Dick Savitt and Art Larsen, who won the Nassau tournament, both are slated to get into action today.

Herbie Flam of Beverly Hills, Calif., seeded No. 4 behind Savitt and Larsen, defeated Vladimir Lerque of Ecuador, 6-2, 6-3, 6-3.

Many folks who are on the fence with respect to the Labor Day city playoff between Twaalfskill's Alvin Boice and Wiltwyck's Bill Van Aken will admit they don't know which way to jump.

If you discount strictly partisan feelings, the match is difficult to call. Van Aken and Boice are both the type of golfer you hate to bet against.

In their only meeting in a head-to-head, 36-hole match, Van Aken won a clear cut victory. That was in 1950, the year after Boice had surprised Leon Randall. If you recall the match, Boice obviously was not up to par that day.

Van Aken, the perennial finalist, has enjoyed a banner season. His woods have been booming and he has the greens zeroed with brilliant iron play. Bill's march through the Wiltwyck tournament and a subsequent record-shattering "68" for a new course record in the first round of the IBM tournament revealed the championship quality of his game.

Boice strode unobtrusively through the Twaalfskill championships and upended George Hughes in the finals. Discounting the fact that more was involved than met the eye in that clash, Boice's all-round play was of championship stature. His putting was phenomenal on tough greens and, when the three-time Twaalfskill champion has that payoff weapon under control, he can play with anybody in these parts.

The match should induce lively action and partisan feelings. Who will win? Who knows. But the fans can't lose. They'll see two outstanding young golfers in a real championship test.

### THE NINETEENTH HOLE:

In the first women's match play golf tournament held recently on Parris Island, Mrs. W. D. Harris defeated Mrs. Delmar Harris, 6 and 5, to cop the Marine Corps Officers Club Handicap tournament. For the victory, Mrs. Harris was presented with a miniature trophy and her name was engraved on the huge gold-plated Officers Club trophy. The winning Mrs. Harris remarked that "number 13 must be my lucky number." She won the tournament which started with 13 entries, on the 13th hole and was presented with her trophy by Major General Merwin H. Silverthorn on Friday, the 13th. Mrs. Harris said that, "it was the best game of golf I ever had. I won the tourney on the back nine where I struggled for bogies and double-bogies." She is the daughter of Mrs. John A. Warren of Lucas avenue extension, Kingston. Twaalfskill's Calcutta figures to be a whopper this time. Wiltwyck Golf Club is getting serious about expansion and revision plans and hopes to have Gene Sarazen come to Kingston for a consultation in the near future. Alex McIntyre, the Scottish pro, and Dr. Mahlon Atkinson have effected an excellent spirit at the Catskill Country Club which we visited Thursday with J. Carson Hutchings, Walter Seaton and Fred Allen of Woodstock. The course is in beautiful shape, with excellent putting greens. Saw young Mahlon Atkinson drive to within 25 yards of the ninth green. From a topographical standpoint, Catskill remains the best nine-hole course in the area.

Alvin Boice is the first Twaalfskill player to get his name engraved three times on the Abel Abernethy Memorial Trophy, which is symbolic of the club championship. The putting wizard did it in 1949, 1950 and 1952. Wonder how many bowling fans realize that William Thiel, a tennis ace of the 1930s, was first to inscribe his name on the trophy in 1940. Edward H. Remmert won it twice, in 1943 and 1947. J. Richard Miller, who is vacationing in Elizabethtown, was 1942 champion. Lou Smith joins Boice as the only repeat winner, copping the honors in 1944 and 1945. Dr. Fred Holcomb, Jr., took it all in 1946 and lost to Roy Vogt in the first city playoff. Remmert and John Van Gonsle followed, with Boice crashing through to his first title in 1949. He repeated in 1950, relinquished it to George Hughes in 1951 and regained it this year.

The only things a duffer really needs to cut down his score are a lot of nerve and a pencil with an eraser on top.

### The New York Yankees and the Cleveland Indians, separated by only one game in the grueling American League pennant race, were casting a wary eye over their shoulders today at Jimmy Dykes' Philadelphia Athletics.

Dykes' darlings, like the St. Louis Cardinals of another era, are up to their usual late-season shenanigans. In the past the A's got hot too late but this time they have a chance to go all the way.

Yesterday, as Cleveland reduced the Yank's lead to one game by beating Detroit, 4-2, while the Yankees bowed, 3-2, to Washington, the A's swept a two-night double-header from the third place Boston Red Sox, 6-1 and 7-5.

The sweep moved the Athletics to within 1½ games of the fading Red Sox and to within six of the Yanks. Six games at this stage of the race is not too big an obstacle to overcome, especially when you have a pitcher like Bobby Shantz.

Shantz, the major's top winner, is not Dykes' only ace. Harry Byrd and Carl Scheib are lending a helping hand on the mound while Fer-

ris Gain, Gus Zernial and Eddie Joost are sparking the attack.

The A's have 28 games left to play, including nine with the Yanks and three with Cleveland. They have nine games remaining at home and 19 on the road.

**Comeback by Scheib**  
Scheib, who won only one game and lost 12 last year, turned in his tenth victory for the A's in the first game. He permitted only seven hits. Allie Clark and Fain led the A's assault. Clark knocked in three runs on a double and two singles and Fain accounted for a pair with his second home run of the season.

The A's pulled the nighcap out with a three-run rally in the eighth inning. Joost climaxed this game-winning rally with a two-run double.

Bob Lemon turned in his 17th victory for the Indians in beating Virgil (Double No-Hit) Trucks at Detroit. Lemon granted six hits in posting his ninth triumph in his last ten decisions. The Indians led 2-1 until the sixth inning when Luke Easter iced the decision with a two-run homer, his 23rd.

Home runs by Gil Coan and Jim Busby ruined the Yankees. Coan whacked his third of the season in the eighth inning to tie the score at 1-1 and Busby binged his first of the year in the ninth with a Floyd Baker aboard, winning the game. Walt Masterson went all the way for the Senators. Gunning for his 16th conquest, Vic Raschi was charged with his fourth defeat.

The Chicago Cubs defeated the pace-setting Brooklyn Dodgers, 4-1, in the only National League game. The Brooks' loss reduced their lead over the idle Giants to nine games. Warren Hacker checked the Dodgers on four hits.

### Good Time Boosts Purse to \$294,000

Batavia, N. Y., Aug. 30 (AP)—William Cane's Good Time, biggest money winner in harness history, has boosted his total take to \$294,085.

Frank Ervin drove Good Time to victory in the Buffalo Invitation Pace last night, setting a new one-mile track record at Batavia Downs. His time was 2:02 1/5 in grabbing the winner's share of \$67,500 in the \$15,000 purse.

German Hanover, one of last night's field, set the previous record of 2:03 4/5.

Good Time paid \$3.70, \$2.60 and \$2.40.

Ridged by chains of active volcanoes, parts of Indonesia are still among the wildest places on earth.

### Softball Banquet Honors Hilltop

The City Softball League's championship squad and Shaughnessy winners, Hilltop Restaurant, were honored at the league's annual dinner Thursday at Tommie's Tavern.

The Hilltoppers, who took their place among the all-time City Softball League greats this year, won the seasonal title and then swamped Subway Grill in three straight games of the Shaughnessy playoff.

Acting Mayor Joe Kelly presented the Mayor's Trophy, symbolic of the regular season crown, and Art Hoffman, father of the Hilltoppers, with the Jack Hoffman Memorial Trophy, symbolic of the post-season title.

The Tommy Maines award for second place went to Subway Grill. Beichert's Studebakers and Siskler's Delivery won league trophies for finishing third and fourth, respectively.

More than 50 players and friends attended and heard the Hilltoppers lauded for their splendid record. Veteran Ben Erser, who pitched and won a doubleheader in the Shaughnessy play-off and also took the third game from Subway Grill, was highly praised. Freer completed the season with 20 victories for one of the all-time records in the loop.

### Yesterday's Stars

(By The Associated Press)  
Batting: Jim Busby, Senators—Clouted two-run homer, his first of the season, in ninth inning to give Washington a 3-2 victory over New York.

Pitching: Warren Hacker, Cubs—Pitched Chicago to a 4-1, fourth-triumph over Brooklyn for his 12th victory of the season.

Mammoths were about the size of existing Indian elephants.

Kingston's Fraternal Youth League All Stars safely hurdled their first obstacle in the sectional FYL tournament in Bridgeport, Conn., yesterday, with a brilliant 4 to 2 victory over Westerly, R. I.

Frank Reis' superb four-hit pitching and timely hitting by the locals insured the first-round triumph and sent the locals into today's quarter-final round against the winner of the Pennsylvania-Connecticut game which was staged late yesterday

### Forfeit Over Dodgers Winds up Campaign

Southpaw Glenn Newell, the league's top flinger and steady Charlie Boice have been assigned starting roles for the first game of the KAA's Little League World Series at 10 a. m. Labor Day at the 156th FA diamond.

Newell is bellwether of the Dodger squad which won the first half with a record of 7 wins and 2 losses.

The Red Sox, with Boice as their first line pitcher, posted an identical record to sweep second half honors.

Today the KAA All Stars were engaged in a return contest with the all star array from the Saugerties Little League. The contest was to get under way at 3 p. m. on the local diamond, with Tom Van Etten scheduled to pitch for Kingston.

**Yanks Win Forfeit**  
Yesterday's final regular clash between the Yankees and Dodgers is a 5-5 tie in the boxscore but the Yankees were awarded the victory by forfeit.

The Dodgers forfeited their right to a tie when George Uhl pitched in the late innings. Uhl had pitched five innings Tuesday and under Little League rules could not pitch again until 72 hours had elapsed.

The Yankee forfeit win enabled them to finish the second round as runners up with a record of 5 wins and 4 losses. In the first round they trailed the Dodgers with 6 wins and 3 losses.

The Dodgers, minus Hobart Armstrong, outthrew the Yankees, 8 to 3, yesterday but a three-run cluster by Coach Bill Thomas' crew sent them ahead 5-4 in the fifth and forced the first half punt winners to score once in the bottom of the fifth to get the tie.

Big Jim Volker, the Dodger catcher, whacked a pair of ringing singles to be the only player on either side with more than one safety.

Gene Nagle, Bob Pratt and Tom Ashdown each stroked doubles. Willard Thomas Jr. started in the box for the Yankees with little Allen McCord making his first start for the Dodgers.

Ted Williams (center), the slugging outfielder of the Boston Red Sox who is headed for Korea, tells Marine Reservists from the Boston area how fliers slide in to give close support to foot troops in combat. Ted is a Marine Reserve Captain taking jet training at Cherry Point, N. C. A fellow Marine flier, Capt. Doug Hollingsworth, is at right of Williams. Williams is slated to go to Korea in September. He is not expected to return to the Boston Red Sox club before November, 1953. The Massachusetts reservists, who are on temporary duty at Camp LeJeune, N. C., visited Ted at Cherry Point on Aug. 26. Many folks who are on the fence with respect to the Labor Day city playoff between Twaalfskill's Alvin Boice and Wiltwyck's Bill Van Aken will admit they don't know which way to jump.

If you discount strictly partisan feelings, the match is difficult to call. Van Aken and Boice are both the type of golfer you hate to bet against.

In their only meeting in a head-to-head, 36-hole match, Van Aken won a clear cut victory. That was in 1950, the year after Boice had surprised Leon Randall. If you recall the match, Boice obviously was not up to par that day.

Van Aken, the perennial finalist, has enjoyed a banner season. His woods have been booming and he has the greens zeroed with brilliant iron play. Bill's march through the Wiltwyck tournament and a subsequent record-shattering "68" for a new course record in the first round of the IBM tournament revealed the championship quality of his game.

Boice strode unobtrusively through the Twaalfskill championships and upended George Hughes in the finals. Discounting the fact that more was involved than met the eye in that clash, Boice's all-round play was of championship stature. His putting was phenomenal on tough greens and, when the three-time Twaalfskill champion has that payoff weapon under control, he can play with anybody in these parts.

The match should induce lively action and partisan feelings. Who will win? Who knows? But the fans can bet they'll see two outstanding young golfers in a real championship test.

### THE NINETEENTH HOLE:

In the first women's match play golf tournament held recently on Parris Island, Mrs. W. D. Harris defeated Mrs. Delmar Harris, 6 and 5, to cop the Marine Corps Officers Club Handicap trophy. For the victory, Mrs. Harris was presented with a miniature trophy and her name was engraved on the huge gold-plated Officers Club trophy. The winning Mrs. Harris remarked that "number 13 must be my lucky number." She won the tournament which started with 13 entries, on the 13th hole and was presented with her trophy by Major General Merwin H. Silverthorn on Friday, the 13th. Mrs. Harris said that "it was the best game of golf I ever had. I won a tourney on the back nine where I struggled for bogies and double-bogies." She is the daughter of Mrs. John A. Warren of Lucas avenue extension, Kingston. Twaalfskill's Calcutta figures to be a whopper this time. Wiltwyck Golf Club is getting serious about expansion and revision plans and hopes to have Gene Sarazen come to Kingston for a consultation in the near future. Alex McIntyre, the Scottish pro, and Dr. Mahlon Atkinson have effected an excellent spirit at the Catskill Country Club which we visited Thursday with J. Carson Hutchins, Walter Seaton and Fred Allen of Woodstock. The course is in beautiful shape, with excellent putting greens. Saw young Mahlon Atkinson drive to within 25 yards of the ninth green. From a topographical standpoint, Catskill remains the best nine-hole course in the area.

Alvin Boice is the first Twaalfskill player to get his name engraved three times on the Abel Abernethy Memorial Trophy, which is symbolic of the club championship. The putting wizard did it in 1949, 1950 and 1952. Wonder how many bowling fans realize that William Thiel, a tenpin ace of the 1930s, was first to inscribe his name on the trophy in 1949. Edward H. Remmert won it twice, in 1943 and 1947. J. Richard Miller, who is vacationing in Elizabethtown, was 1942 champion. Lou Smith joins Boice as the only repeat winner, copping the honors in 1944 and 1945. Dr. Fred Holcomb, Jr., took it all in 1946 and lost to Roy Vogt in the first city playoff. Remmert and John Van Gonsic followed, with Boice crashing through to his first title in 1949. He repeated in 1950, relinquished it to George Hughes in 1951 and regained it this year.

The only things a duffer really needs to cut down his score are a lot of nerve and a pencil with an eraser on top.

### The SCOREboard

The New York Yankees and the Cleveland Indians, separated by only one game in the grueling American League pennant race, were casting a wary eye over their shoulders today at Jimmy Dykes' Philadelphia Athletics.

Dykes' darlings, like the St. Louis Cardinals of another era, are up to their usual late-season shenanigans. In the past the A's got hot too late but this time they have a chance to go all the way.

Yesterday, as Cleveland reduced the Yank's lead to one game by beating Detroit, 4-2, while the Yanks bowed, 3-2, to Washington, the A's swept a two-night double-header from the third place Boston Red Sox, 6-1 and 7-5.

The sweep moved the Athletics to within 1½ games of the fading Red Sox and to within six of the Yanks. Six games at this stage of the race is not too big an obstacle to overcome, especially when you have a pitcher like Bobby Shantz.

Shantz, the major's top winner, is not Dykes' only ace. Harry Byrd and Carl Scheib are lending a helping hand on the mound while Fer-

ris Fain, Gus Zernial and Eddie Joost are sparking the attack. The A's have 28 games left to play, including nine with the Yanks and three with Cleveland. They have nine games remaining at home and 19 on the road.

**Comeback by Scheib**  
Scheib, who won only one game and lost 12 last year, turned in his tenth victory for the A's in the first game. He permitted only seven hits. Allie Clark and Fain led the A's assault. Clark knocked in three runs on a double and two singles and Fain accounted for a pair with his second home run of the season.

The A's pulled the nightcap out with a three-run rally in the eighth inning. Joost climaxed this game-winning rally with a two-run double.

Bob Lemon turned in his 17th victory for the Indians in beating Virgil (Double No-Hit) Trucks at Detroit. Lemon granted six hits in posting his ninth triumph in his last ten decisions. The Indians led 2-1 until the sixth inning when Luke Easter iced the decision with a two-run homer, his 25th.

Home runs by Gil Coan and Jim Busby ruined the Yankees. Coan whacked his third of the season in the eighth inning to tie the score at 1-1 and Busby banged his first of the year in the ninth with Floyd Baker aboard, winning the game. Walt Masterson went all the way for the Senators. Gunning for his 16th conquest, Vic Raschi was charged with his fourth defeat.

The Chicago Cubs defeated the pace-setting Brooklyn Dodgers, 4-1, in the only National League game. The Brooks' loss reduced their lead over the idle Giants to nine games. Warren Hacker checked the Dodgers on four hits.

**Good Time Boosts**  
**Purse to \$294,000**  
Batavia, N. Y., Aug. 30 (AP)—William Cane's Good Time, biggest money winner in harness history, has boosted his total take to \$294,085.

Frank Ervin drove Good Time to victory in the Buffalo Invitation Pace last night, setting a new one-mile track record at Batavia Downs. His time was 2:02 1/5 in grabbing the winner's share of \$6,750 in the \$15,000 purse.

Ferman Hanover, one of last night's runners, set the previous record of 2:03 4/5.

Good Time paid \$3.70, \$2.60 and \$2.40.

Ridged by chains of active volcanoes, parts of Indonesia are still among the wildest places on earth.

**Softball Banquet Honors Hilltop**

The City Softball League's championship squad and Shaughnessy winners, Hilltop Restaurant, were honored at the league's annual dinner Thursday at Tommie's Tavern.

The Hilltoppers, who took their place among the all-time City Softball League greats this year, won the seasonal title and then swamped Subway Grill in three straight games of the Shaughnessy playoff.

Acting Mayor Joe Kelly presented the Mayor's Trophy, symbolic of the regular season crown, and Art Hoffman, father of the late Jack Hoffman, presented Hilltoppers with the Jack Hoffman Memorial Trophy, symbolic of the post-season title.

The Tommy Maines award for second place went to Subway Grill. Beichert's Studabakers and Sickler's Delivery won league trophies for finishing third and fourth, respectively.

More than 50 players and friends attended and heard the Hilltoppers lauded for their splendid record. Veteran Ben Freer, who pitched and won a double-header in the Shaughnessy playoff and also took the third game from Subway Grill, was highly praised. Freer completed the season with 20 victories for one of the all-time records in the loop.

**Yesterday's Stars**  
(By The Associated Press)  
**Batting:** Jim Busby, Senators—Clouted two-run homer, his first of the season, in ninth inning to give Washington a 3-2 victory over New York.

**Pitching:** Warren Hacker, Cubs—Pitched Chicago to a 4-1, fourth triumph over Brooklyn for his 12th victory of the season.

Mammoths were about the size of existing Indian elephants.

Kingston's Fraternal Youth League All Stars safely hurdled their first obstacle in the sectional FYL tournament in Bridgeport, Conn., yesterday, with a brilliant 4 to 2 victory over Westery, R. I.

Frank Reis' superb four-hit pitching and timely hitting by the locals insured the first-round triumph and sent the locals into today's quarter-final round against the winner of the Pennsylvania-Connecticut game (which was staged late yesterday).

**Reis Fans Eight**  
Reis walked only two batters and fanned eight and was working on a 4-0 shutout when a passed ball permitted both Westery runs to cross the plate in the seventh inning.

The Kingston club collected seven hits off two Rhode Island flingers, all singles, with Bob Mannello, the catcher, accounting for two.

Bob Maines' walk in the second inning started the local FYLs on the road to victory. It preceded successive singles by Frank Reis and Ed Hearst and an infield out and Bruce Bechtold's two-out single for a 2-0 lead.

Two more runners romped across the plate in the fifth and they proved to be the insurance markers.

**Mannello Sparks Rally**  
Bob Mannello's second hit, a base on balls to George Hamilton and a passed ball scored Mannello for a 3-0 bulge. Joe Hoffman's single knocked in the fourth run to boost the Kingston margin to 4-0.

Bruce Bechtold was Kingston's pitching choice in today's game with the Pennsylvania-Connecticut winner.

Kingston is the only New York state team in the tournament. Springfield is representing Massachusetts and Williamsport, cradle of the Little League, represents the Keystone State. Connecticut, the host state, has four teams in the tournament.

## Fifty Players Report for First Army Grid Drill

West Point, Aug. 30—A squad of 50 men turned out for Army's first football practice of the 1952 season today.

Despite the hot weather the Cadets donned full pack and im-mediately set about the task of preparing for the most difficult schedule in West Point history.

Each a leader in its respective section, the Cadets face Southern California, unbeaten Georgia Tech, Pittsburgh and South Carolina in intersectional games.

There is no respite in the re-mainder of the schedule, which in-cludes major tests with Pennsylv-ania the No. 1 ranking team in the East; Navy, the traditional service foe, and Dartmouth, Colum-bia and VMI.

"Inexperience is our principal concern" Coach Earl Blaik stated. "The entire squad" he said, "is composed of men who were in the Plebe and junior varsity ranks prior to last season."

The experience gained last fall is expected to help more than any other single factor. Twenty-two players were lost through graduation, injury or academic de-ciency. Five of these were in the starting line-up against Navy.

Freddie Meyers, a sophomore from Enid, Oklahoma, is the mainstay of the squad. Six foot and 190 pounds, he combines both power and elusiveness in his run-ning and is equally adept at either passing or receiving. A quarter-back last fall, he was shifted to left halfback during spring practice.

Leroy Lunn and Bob Guidara at guard and tackle are our best line prospects. A native of Spring Valley, Illinois, Lunn follows in the footsteps of his brother, Bob, who played here in 1948 and 1949.

Guidara is from Westbury, N. Y. and is both big and active at tackle. A knee operation kept him out of spring practice.

A new line coach in the person of Carney Laslie was on hand to greet the cadets. Laslie came to West Point via Kentucky, where he coached under Paul Bryant the past six years.

## Tennis

Forest Hills, N. Y.—Favorites, led by Frank Sedgman and Vic Seixas, won first-round matches in National Singles championships. Glen Cove, N. Y.—Art Larsen, San Leandro, Calif., defeated Gardnar Mulloy, Miami, Fla., 5-2, 6-3, in finals of Nassau Bowl tour-nament.

Over 29.7 billion eggs were laid by hens on U. S. farms during the first five months of 1952.

## Son Is Freed

New York, Aug. 30 (AP)—A Brooklyn mother and her teen-age son embraced and wept yesterday after the son was freed on charges of killing his father in her defense. The youth, 18-year-old Gerard Bernor, Jr., had been held on a homicide charge in connec-tion with the stab-killing last Aug. 21 of his father, Gerard, Sr., 53, a shipyard electrician. Police

said the son stabbed his father to prevent him from beating his mother. In court yesterday, As-sistant District Attorney Lewis Joseph said a grand jury had re-fused to return an indictment against Bernor. Magistrate Clar-ence Wilson dismissed the case.

## Son Is Freed

New York, Aug. 30 (AP)—A

Brooklyn mother and her teenage son embraced and wept yesterday

after the son was freed on charges of killing his father in her

defense. The youth, 18-year-old Gerard Berner, Jr., had been held

on a homicide charge in connection with the stab-killing last

Aug. 21 of his father, Gerard, Sr., 53, a shipyard electrician. Police

said the son stabbed his father to prevent him from beating his mother. In court yesterday, Assistant District Attorney Lewis Joseph said a grand jury had refused to return an indictment against Berner. Magistrate Clarence Wilson dismissed the case.

**Will Return Home**  
White Plains, N. Y., Aug. 30 (AP)—Mrs. Rose A. Buffington, 30, and her three young sons are going home to Conway, Ark., disillusioned with their attempt to start a new life in New York city. The widow of a World War 2 veteran and her three children waited at the Westchester Society for the Prevention of Cruelty to Children today for funds from relatives before starting home. She and her sons—Lionel, 11; Daniel, 9; and James, 7—were found asleep in their car here Thursday morning. Mrs. Buffington said she'd come to New York to try to find a place for the family to live. But housing was scarce, there was insufficient playground space for her children, and her funds were almost gone.

## 5 Red Jets

over Pyongyang after civilians had been warned by radio and leaflet to flee. Australian, South African and South Korean planes joined in the assault.

U. S. Sabre jet pilots Friday shot down one Russian-built MIG and damaged two other Red jets, the air force reported. No Red fighters reached Pyongyang.

Pilots reported they flew through heavy anti-aircraft fire. They described Pyongyang as black with smoke and rocking with explosions.

Korean-based planes dropped 618 tons of bombs and 4,000 gallons of fiery gasoline and fired 57,000 rounds on 40 targets in the ruined city. The bomb tonnage equals about what 62 Superforts could carry.

On the Korean ground front, Communist and Allied troops sparred lightly again Friday and early today.

A staff officer reported Chinese troops fired about 500 rounds of artillery and mortar during the night at U. N.-held Bunker Hill near Panmunjom. Allied artillery hit an estimated 18 Chinese near Bunker Hill Friday afternoon. A Chinese squad also probed the western front ridge.

Temperatures along the battle-front Friday ranged from 50 to 83 degrees, after readings of over 100 earlier this month.

**Local Death Record**

**Mrs. Genevieve W. Hook**  
Mrs. Genevieve W. Hook, mother of Julian T. Hook of 139 Downs street, died in Kingston this morning. The body will be taken by A. Carr and Son, 1 Pearl street, to Schenectady where funeral services will be held at the Baxter Funeral Home Tuesday.

**Mrs. Olive B. Weeks**  
Mrs. Olive B. Weeks, wife of George H. Weeks, died suddenly at her home in Stone Ridge Friday. Mrs. Weeks was an active member of the Stone Ridge Methodist Church, the church WSCS and the Stone Ridge Grange. She is survived by her husband and one sister, Miss May Bogart of Stone Ridge. Funeral services will be held at the Stone Ridge Methodist Church at 2 p. m. Monday, Sept. 1, with burial in Fairview Cemetery, Stone Ridge.

**Letitia F. Nesbitt**  
Letitia Francis Nesbitt, 84, of Hyde Park, died in Poughkeepsie Aug. 28. She was born at Coven, Ireland, July 17, 1868, daughter of the late William H. Nesbitt and Louisa Garven. She had lived for the past 24 years in Hyde Park. Mrs. Nesbitt was a member of St. James Episcopal Church, Hyde Park. She is survived by two nephews, Garven S. Nesbitt of Washington, D. C., and William Nesbitt of Chicago, and two nieces, Phyllis Nesbitt and Eileen Thantley, both of St. Just, Cornwall, England. Funeral services will be held at Hyde Park with burial in St. James Cemetery.

**Charles E. Barber**  
Charles E. Barber of Kingston died Friday morning following a brief illness. He was born in Lexington and has been a resident of this city for four years. He also was a former resident of the town of Olive for many years. He is survived by a son, Orville C. Barber, Kingston; two sisters, Mrs. Agnes Winchell, Johnson City; and Mrs. Leona Gassner, Shokan. The funeral will be held Sunday at 2 p. m. from the Ernest A. Kelly Funeral Home, 111 West Chester street. Burial will be in Tongsore Cemetery. Friends may call at the funeral home tonight between 7 and 9 o'clock.

**John McCabe**  
The funeral of John McCabe of 103 Hudson street was held today at 9 a. m. from the Jensen and Deegan Funeral Home, 15 Downs street, and at 9:30 a. m. at St. Mary's Church where a high Mass of requiem was offered for the repose of his soul by the Rev. Edward Farrelly. A large number of his relatives and friends attended the services to pay a final tribute of respect to his memory. The children's choir sang Domine Jesu Christe at the offertory and in Paradisum at the conclusion of the final prayers. Among those who called at the chapel to pay their respects were the Rt. Rev. Monsignor Martin J. Drury and Father Flaherty who led in the recitation of the Holy Rosary Friday at 8 p. m. Burial took place in St. Mary's Cemetery where Father Flaherty gave the final absolution at the grave.

**John T. Mooney**  
John Thomas Mooney of Rosendale died in Kingston Friday after a long illness. He was born in Connolly, son of the late John T. and Mary Burns Mooney. Mr. Mooney was a retired stationary engineer. He was a member of St. Peter's Church, Rosendale. He is survived by one daughter, Mrs. Richard Dickson of Brooklyn; three sons, John J. Mooney of Rosendale and William F. and Thomas C. Mooney of Brooklyn; 14 grandchildren and eight great-grandchildren. His wife, Ellen Minton Mooney, died about 14 years ago. Funeral services will be held at the Henry J. Bruck Funeral Home, 27 Smith avenue, Kingston, at 10 a. m. Monday, thence to St. Peter's Church, Rosendale, where a high Mass of requiem will be offered for the repose of his soul at 11 a. m. Burial will be in St. Peter's Cemetery, Rosendale. Friends may call at the funeral home any time Sunday.

**Clifton B. Carpenter**  
Clifton B. Carpenter, 63, funeral director in Highland for 35 years, died Friday at St. Francis Hospital in Poughkeepsie. Mr. Carpenter had been ill for a year. He was born in Highland July 2, 1889, the son of the late Solomon Gerow and Caroline Palen Carpenter. Mr. Carpenter had been associated in the funeral business with his uncle, William E. Wilcox, for a number of years before establishing his own business. He attended Highland High School and was

## Treated at Hospital For Head Laceration

Peter Hannibal of 140 Flatbush avenue was taken to the Kingston Hospital at 11:46 p. m. yesterday suffering from a head wound, was treated and dismissed.

It was reported to police by the hospital that Hannibal had apparently been struck by a bottle since a small piece of glass had been removed from the wound. He was brought to the hospital by Kirt Thies of Perry's Taxi Service, Inc., who told police that he had received a call and when he arrived he found Hannibal and another man with him. While he was putting Hannibal into the cab, he said, the other man disappeared.

When Hannibal was pleased by the hospital he was placed under arrest by Officer Meyer Levy on a charge of public intoxication.

**Brooklynite Is Hurt In Crash, Other Fined**

One Brooklyn man was slightly injured and another was arrested on a license charge after an automobile ran off Route 9W and crashed into a road sign near Mirror Lake shortly after midnight, state police at Highland reported today.

David Francis Lonergan, 26, of 707 Carroll street, Brooklyn, was treated at Kingston Hospital for a laceration of the left hand, troopers said.

The driver of the vehicle, Bernard Patrick McCoy, 22, of St. John road, Brooklyn, was charged by troopers with being an unlicensed operator and was fined \$10 by Justice of the Peace Francis Palen of Port Ewen.

**Deputy Eisele Catches Accused Trailer Driver**

The driver and owner of an automobile and trailer that allegedly damaged the lawn of DeValle H. Dunbar at Port Ewen early this morning was apprehended a short time later on the East Chester street by-pass by Deputy Sheriff Albert E. Eisele.

Dunbar telephoned the sheriff's office at 5:30 a. m. that the unknown trailer-automobile combination had turned around on his front lawn, leaving deep ruts and other damage. Eisele apprehended the vehicle and its occupants several minutes later and took them back to the Dunbar property, where, according to Eisele's report, they agreed to make restitution for the damage and no charges were pressed.

**RVA to Hold Special Meeting Tuesday Night**

A special meeting of Ulster County Memorial Post and Auxiliary, Regular Veteran's Association, will be held Tuesday at 8:15 p. m. at the home of Commander George Nichols in Bloomington. All members are requested to attend.

Discussion of a plan for the permanent post home and voting approval for several special events to provide funds will be two of the main features of the meeting.

The additional funds are needed for the exclusive benefit of local RVA welfare activities to carry out the work of providing gifts and assistance to local Ulster county peace or wartime service veterans, their families as well as children in various hospitals and those in polio-cerebral palsy hospitals regardless of race or creed.

**Patricia Ward Paroled**  
New York, Aug. 30 (AP)—Pretty 19-year-old Patricia Ward, key material witness in the cafe society vice probe, has been paroled in the custody of her mother. But she remains under a 24-hour police guard. Assistant District Attorney Anthony J. Liebler says he asked for the guard because "the man she had been living with had two loaded guns and I don't know what he had the guns for." Miss Ward, a brunette, had been held in \$10,000 bail as a material witness. She was named as a call girl in an indictment accusing margarine heir Minot F. (Mickey) Jelke, III of lying off earnings of prostitutes. Jelke also has been charged with illegal possession of weapons for two guns allegedly found when he was arrested.

**About the Folks**  
Frank Hopper of 143 St. James street, projectionist at Read's Kingston Theatre, is reported to be resting comfortably at Benedictine Hospital after a recent attack of illness.

The Rev. and Mrs. Richard Coons of Shokan have returned from a three-week vacation at Ocean Grove, N. J. The Rev. Mr. Coons is pastor of the Shokan Reformed Church. He will conduct the regular preaching services in the Reformed Church Sunday morning, Aug. 31, and at Krumville in the afternoon.

graduated from Eastman Business College in Poughkeepsie and the Renouard School for Embalming in New York. He was a well-known horseman in Ulster county and was a member of the Kingston Horsemen's Association, Lloyd Post, American Legion; Poughkeepsie Lodge of Elks, a charter member of the Highland Lions Club, Highland Masonic Lodge and was an exempt fireman and fire commissioner for many years. He is survived by his wife, Florence E. Livingston Carpenter; a daughter, Mrs. William F. Burnett, Highland; two grandsons, Stephen Barron and William Brooks Burnett, both of Highland. The funeral will be held Monday at 2 p. m. from the Carpenter Funeral Home in Highland. The Rev. Oscar Jelsma of Highland will officiate. Burial will be in Highland Cemetery. Friends may call at the funeral home Sunday between 7 and 9 p. m.

## Harriman Appeals For Cashmore Aid

New York, Aug. 30 (AP)—Mutual Security Director Averell Harriman reportedly has made personal telephone appeals to some Liberal party leaders to back John Cashmore, Democratic nominee for U. S. senator from New York.

It was said that Harriman was concerned about the chances of the Democratic presidential ticket in New York state.

The Liberals, who had indicated that they preferred Harriman for the Democratic nod, are running Columbia University Professor George S. Counts. But it is reported that Counts might be only a stand-in nominee, and might be replaced next week by another candidate, maybe Cashmore.

Harriman, who resisted urging that he take the Democratic nomination, reportedly had long telephone calls yesterday with the Liberal party vice chairmen, David Dubinsky and Alex Rose.

The mutual security director and unsuccessful candidate for the Democratic presidential nomination was understood to have urged Rose and Dubinsky to use their influence for Cashmore, now borough president of Brooklyn.

**No Comment**  
Neither Rose nor Dubinsky, who also is president of the International Ladies Garment Workers Union, would commit himself, it was said.

Liberal votes could decide a close race between the Democrats and Republicans in New York state.

Harriman was reported as telling Rose and Dubinsky that a rift between the Liberals and Democrats on the Senate seat might hurt Stevenson's chances of carrying New York state.

Cashmore was nominated Thursday night to oppose Republican senator Irving M. Ives, who is seeking re-election.

**PORT EWEN**  
Port Ewen, Aug. 30—Public School No. 13 will open at 9 a. m. Tuesday, Sept. 2, with half-day sessions Tuesday and Wednesday. Kindergarten children will report at 9 a. m. Tuesday.

Anderson School District No. 1 will open at 8:45 a. m. Tuesday. Dr. and Mrs. E. R. Griswold of Dansville were guests of Mrs. George W. Sheehan at her home on Bayard street Sunday.

**River Road Man Found Ill, Alone in Home**  
A Port Ewen area man who lay ill and apparently without food for six days in his cottage along the River Road at Terpeningen's Beach was taken to Kingston Hospital after his landlady became alarmed at not seeing him about, according to a sheriff's office report.

The sheriff's office was notified at 7:15 a. m. today by personnel at the U. S. Coast Guard Esopus lighthouse that a Mrs. Robinson had been trying to get in touch with Clarence Bunn, 60, who lives alone in a cottage.

Deputy Sheriff Albert E. Eisele was dispatched and forced entrance into the cottage, where he reported he found Bunn ill and unable to help himself. Eisele summoned the Kingston Hospital ambulance to convey the man to that hospital.

At the hospital later this morning, it was still too early for a condition report to be issued, although it was reported that Bunn appeared to be "resting."

**Balances on Ledge**  
A bakery truck balanced with two wheels over the ledge on the Hurley-Whiteport road near the Lewis DuBois home this morning. The accident happened about 5 a. m. today when the truck apparently hit a tree, swung to its left and came to a stop just short of plunging down the bank, it was learned. The driver, whose name was not available, apparently was not seriously hurt. No report of the accident was available this morning either at the sheriff's office or state police barracks.

Coal was first mined from the frozen ground of Spitsbergen in 1900.

## Jehovah's Witnesses Plan Meeting in Syracuse

All local meetings of Jehovah's Witnesses will be canceled Friday, Saturday and Sunday, Sept. 5, 6 and 7, to permit the Witnesses and all interested persons to attend the three-day district convention at MacArthur Stadium in Syracuse, it was announced today by Ralph Hiller, presiding minister of the Kingston congregation.

The Syracuse convention will be one of 50 similar assemblies to be held by the Watchtower Bible and Tract Society in leading cities of the United States, Canada and England on approximately the same dates. All assemblies will follow the same general program consisting of songs, Bible instruction, demonstrations of the work of Jehovah's Witnesses and talks by leading speakers.

The high point of the Syracuse assembly will be reached at 3 p. m. Sunday when U. V. Glass, featured speaker of the Watchtower Society, gives the principal address on the subject World Unity—Is It Just a Dream?

All convention sessions are open to the public and many from the Kingston area will be among the thousands expected to attend.

The only casualty of the storm so far was reported hundreds of miles away, on a farm near Olathe, Kas. One of 17 navy bombers being flown from Jacksonville, Fla., to the Olathe Naval Air Station to escape the hurricane threat crashed there.

The three bomber crew members parachuted to safety but all were injured.

Navy and air force planes by the hundreds were ordered out of the storm path and flown to points as far away as Kansas and Tennessee.

Rear Adm. Glenn B. Davis, Sixth Naval District commander, ordered all naval facilities in the Carolinas, Georgia and Florida alerted and measures were taken to protect navy shore installations. Beach residents in the Charleston area were reported moving inland. Elsewhere along the southeast coast the people took what precautions they could. The only casualty of the storm so far was reported hundreds of miles away, on a farm near Olathe, Kas. One of 17 navy bombers being flown from Jacksonville, Fla., to the Olathe Naval Air Station to escape the hurricane threat crashed there.

The three bomber crew members parachuted to safety but all were injured.

Navy and air force planes by the hundreds were ordered out of the storm path and flown to points as far away as Kansas and Tennessee.

Rear Adm. Glenn B. Davis, Sixth Naval District commander, ordered all naval facilities in the Carolinas, Georgia and Florida alerted and measures were taken to protect navy shore installations. Beach residents in the Charleston area were reported moving inland. Elsewhere along the southeast coast the people took what precautions they could. Public buildings were kept open for use as storm shelters if necessary.

### Will Return Home

White Plains, N. Y., Aug. 30 (P)—Mrs. Rose A. Buffington, 30, and her three young sons are going home to Conway, Ark., disillusioned with their attempt to start a new life in New York city. The widow of a World War 2 veteran and her three children waited at the Westchester Society for the Prevention of Cruelty to Children today for funds from relatives before starting home. She and her sons—Lionel, 11; Daniel, 9; and James, 7—were found asleep in their car here Thursday morning. Mrs. Buffington said she'd come to New York to try to find a place for the family to live. But housing was scarce, there was insufficient playground space for her children, and her funds were almost gone.

over Pyongyang after civilians had been warned by radio and leaflet to flee. Australian, South African and South Korean planes joined in the assault.  
U. S. Saboteur pilots Friday shot down one Russian-built MIG and damaged two other Red jets, the air force reported. No Red fighters reached Pyongyang.  
Pilots reported they flew through heavy anti-aircraft fire. They described Pyongyang as black with smoke and rocking with explosions.

Korean-based planes dropped 618 tons of bombs and 4,000 gallons of fire gasoline and fired 57,000 rounds on 40 targets in the ruined city. The bomb tonnage equals about what 62 Superforts could carry.

On the Korean ground front, Communist and Allied troops sparred lightly again Friday and early today.

A staff officer reported Chinese troops fired about 500 rounds of artillery and mortar during the night at UN-held Bunker Hill near Panmunjom. Allied artillery hit an estimated 18 Chinese near Bunker Hill Friday afternoon. A Chinese squad also probed the western front ridge.

Temperatures along the battlefront Friday ranged from 50 to 83 degrees, after readings of over 100 earlier this month.

## Treated at Hospital For Head Laceration

Peter Hannibal of 140 Flatbush avenue was taken to the Kingston Hospital at 11:46 p. m. yesterday suffering from a head wound, was treated and dismissed.

It was reported to police by the hospital that Hannibal had apparently been struck by a bottle since a small piece of glass had to be removed from the wound. He was brought to the hospital by Kirt Thies of Perry's Taxi Service, Inc., who told police that he had received a call and when he arrived he found Hannibal and another man with him. While he was putting Hannibal into the cab, he said, the other man disappeared.

When Hannibal was released by the hospital he was placed under arrest by Officer Meyer Levy on a charge of public intoxication.

## Brooklynite Is Hurt In Crash, Other Fined

One Brooklyn man was slightly injured and another was arrested on a license charge after an automobile ran off Route 9W and crashed into a road sign near Mirror Lake shortly after midnight, state police at Highland reported today.

David Francis Lonergan, 26, of 707 Carroll street, Brooklyn, was treated at Kingston Hospital for a laceration of the left hand, troopers said.

The driver of the vehicle, Bernard Patrick McCoy, 22, of St. John road, Brooklyn, was charged by troopers with being an unlicensed operator and was fined \$10 by Justice of the Peace Francis Palen of Port Ewen.

## Deputy Eisele Catches Accused Trailer Driver

The driver and owner of an automobile and trailer that allegedly damaged the lawn of De Valle H. Dunbar at Port Ewen early this morning was apprehended a short time later on the East Chester street by-pass by Deputy Sheriff Albert E. Eisele. Dunbar telephoned the sheriff's office at 5:30 a. m. that the unknown trailer-automobile combination had turned around on his front lawn, leaving deep ruts and other damage. Eisele apprehended the vehicle and its occupants several minutes later and took them back to the Dunbar property, where, according to Eisele's report, they agreed to make restitution for the damage and no charges were pressed.

## RVA to Hold Special Meeting Tuesday Night

A special meeting of Ulster County Memorial Post and Auxiliary, Regular Veterans' Association, will be held Tuesday at 8:15 p. m. at the home of Commander George Nichols in Bloomington. All members are requested to attend.

Discussion of a plan for the permanent post home and voting approval for several special events to provide funds will be two of the main features of the meeting.

The additional funds are needed for the exclusive benefit of local RVA welfare activities to carry out the work of providing gifts and assistance to local Listerveterans, their families as well as children in various hospitals and those in polio-cerebral palsy hospitals regardless of race or creed.

### Patricia Ward Paroled

New York, Aug. 30 (P)—Pretty 19-year-old Patricia Ward, key material witness in the case society vice probe, has been paroled. She remains under a 24-hour police guard. Assistant District Attorney Anthony J. Liebler says he asked for the guard because "the man she had been living with had two loaded guns and I don't know what he had the guns for." Miss Ward, a brunette, had been held in \$10,000 bail as a material witness. She was named as a witness in an indictment accusing margarine heir Minot F. (Mickey) Jelke, III of living off earnings of prostitutes. Jelke also has been charged with illegal possession of weapons for two guns allegedly found when he was arrested.

## Harriman Appeals For Cashmore Aid

New York, Aug. 30 (P)—Mutual Security Director Averell Harriman reportedly has made personal telephone appeals to some Liberal party leaders to back John Cashmore, Democratic nominee for U. S. senator from New York.

It was said that Harriman was concerned about the chances of the Democratic presidential ticket in New York state.

The Liberals, who had indicated that they preferred Harriman for the Democratic nod, are running Columbia University Professor George S. Counts. But it is reported that Counts might be only a stand-in nominee, and might be replaced next week by another candidate, maybe Cashmore.

Harriman, who resisted urging that he take the Democratic nomination, reportedly had long telephone calls yesterday with the Liberal party vice chairman, David Dubinsky and Alex Rose.

The mutual security director and unsuccessful candidate for the Democratic presidential nomination was understood to have urged Rose and Dubinsky to use their influence for Cashmore, now borough president of Brooklyn.

### No Comment

Neither Rose nor Dubinsky, who also is president of the AFL International Ladies Garment Workers Union, would commit himself, it was said.

Liberal votes could decide a close race between the Democrats and Republicans in New York state.

Harriman was reported as telling Rose and Dubinsky that a rift between the Liberals and Democrats on the Senate seat might hurt Stevenson's chances of carrying New York state.

Cashmore was nominated Thursday night to oppose Republican senator Irving M. Ives, who is seeking re-election.

## PORT EWEN

Port Ewen, Aug. 30—Public School No. 13 will open at 9 a. m. Tuesday, Sept. 2, with half-day sessions Tuesday and Wednesday. Kindergarten children will report at 9 a. m. Tuesday.

Anderson School District No. 1 will open at 8:45 a. m. Tuesday. Dr. and Mrs. E. R. Griswold of Dansville were guests of Mrs. George W. Sheeley at her home on Bayard street Sunday.

## River Road Man Found Ill, Alone in Home

A Port Ewen area man who lay ill and apparently without food for six days in his cottage along the River Road at Terpenning's Beach was taken to Kingston Hospital after his landlady became alarmed at not seeing him about, according to a sheriff's office report.

The sheriff's office was notified at 7:15 a. m. today by personnel at the U. S. Coast Guard Esopus lighthouse that a Mrs. Robinson had been trying to get in touch with Clarence Bunn, 60, who lives alone in a cottage.

Deputy Sheriff Albert E. Eisele was dispatched and forced entrance into the cottage, where he reported he found Bunn ill and unable to help himself. Eisele summoned the Kingston Hospital ambulance to convey the man to that hospital.

At the hospital later this morning, it was still too early for a condition report to be issued, although it was reported that Bunn appeared to be "resting."

### Balances on Ledger

A bakery truck balanced with two wheels over the ledge on the Hurley-Whitcomb road near the Lewis DuBois home this morning. The accident happened about 5 a. m. today when the truck apparently hit a tree, swung to its left and came to a stop just short of plunging down the bank, it was learned. The driver, whose name was not available, apparently was not seriously hurt. No report of the accident was available this morning either at the sheriff's office or state police barracks.

Coal was first mined from the frozen ground of Spitsbergen in 1900.

## Jehovah's Witnesses Plan Meeting in Syracuse

All local meetings of Jehovah's Witnesses will be canceled Friday, Saturday and Sunday, Sept. 5, 6 and 7, to permit the Witnesses and all interested persons to attend the three-day district convention at MacArthur Stadium in Syracuse, it was announced today by Ralph Hiller, presiding minister of the Kingston congregation.

The Syracuse convention will be one of 50 similar assemblies to be held by the Watchtower Bible and Tract Society in leading cities of the United States, Canada and England on approximately the same dates. All assemblies will follow the same general program consisting of songs, Bible instruction, demonstrations of the work of Jehovah's Witnesses and talks by leading speakers.

The high point of the Syracuse assembly will be reached at 3 p. m. Sunday when U. V. Glass, featured speaker of the Watchtower Society, gives the principal address on the subject, "World Unity—Is It Just a Dream?" All convention sessions are open to the public and many from the Kingston area will be among the thousands expected to attend.

**Check Your Coverage**

Many people carry "just a little" insurance just to ease their minds.

But insurance should really INSURE. In case of disaster, you want more than, say, a fifth enough or half enough to rebuild your house or pay off a damage suit or meet some other loss.

Many people forget that it would cost much more to replace their home and furnishings if they had a fire. Many people forget they may be sued for perhaps tens of thousands of dollars if they kill or injure someone with their car. Many people carry too little liability insurance.

Don't be half safe. Be completely safe with the right policies.
